- Bending

Interior Design

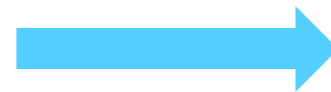

Concept Design

Before beginning the design process, conceptualization is absolutely necessary because it will establish the overall tone for your interior spaces.

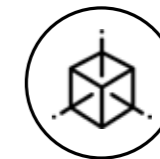

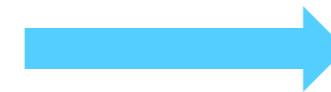

Mood Board

Mood boards determine the aesthetic and feel of the interior spaces, including the furniture and the types of materials that will be utilized for the walls, ceiling, floor, etc. It is crucial since it will convey the owner's character and preferences.

Design Drawings

After we have a clear understanding of the client's requirements, we move on to the architectural and MEP drawings that we provide for local municipality approval prior to construction.

3D Visualization

Giving our clients a highly accurate computer-generated visual representation of the interior that includes all the furnishings and materials that would be present in that space for final approval.

FOCUS ON CUSTOMER SATISFACTION

One of the main factors motivating BF Interiors to offer the best service in the design and fit-out industry is customer satisfaction. Consistency, consistency, and consistency are the main ingredients contributing to our client satisfaction. As obvious as it may appear, it keeps our clients coming back to us and encourages them to recommend us as one of the top interior design and fit-out firms in Dubai and the UAE.

Since the day we were established, we have committed to simply producing high-quality work while providing our clients with excellent service. In this highly competitive sector, we have built our name on the quality of our craftsmanship, which is directly related to long-term performance. We, therefore, take considerable care to finish every project we undertake. Utilizing cutting-edge technology, we create unique designs that adhere to building codes. We continue to expand into several interior and décor industries, such as false ceilings, partition walls, wall cladding, and flooring, in addition to our expert carpentry team.

COMMITMENT TO QUALITY

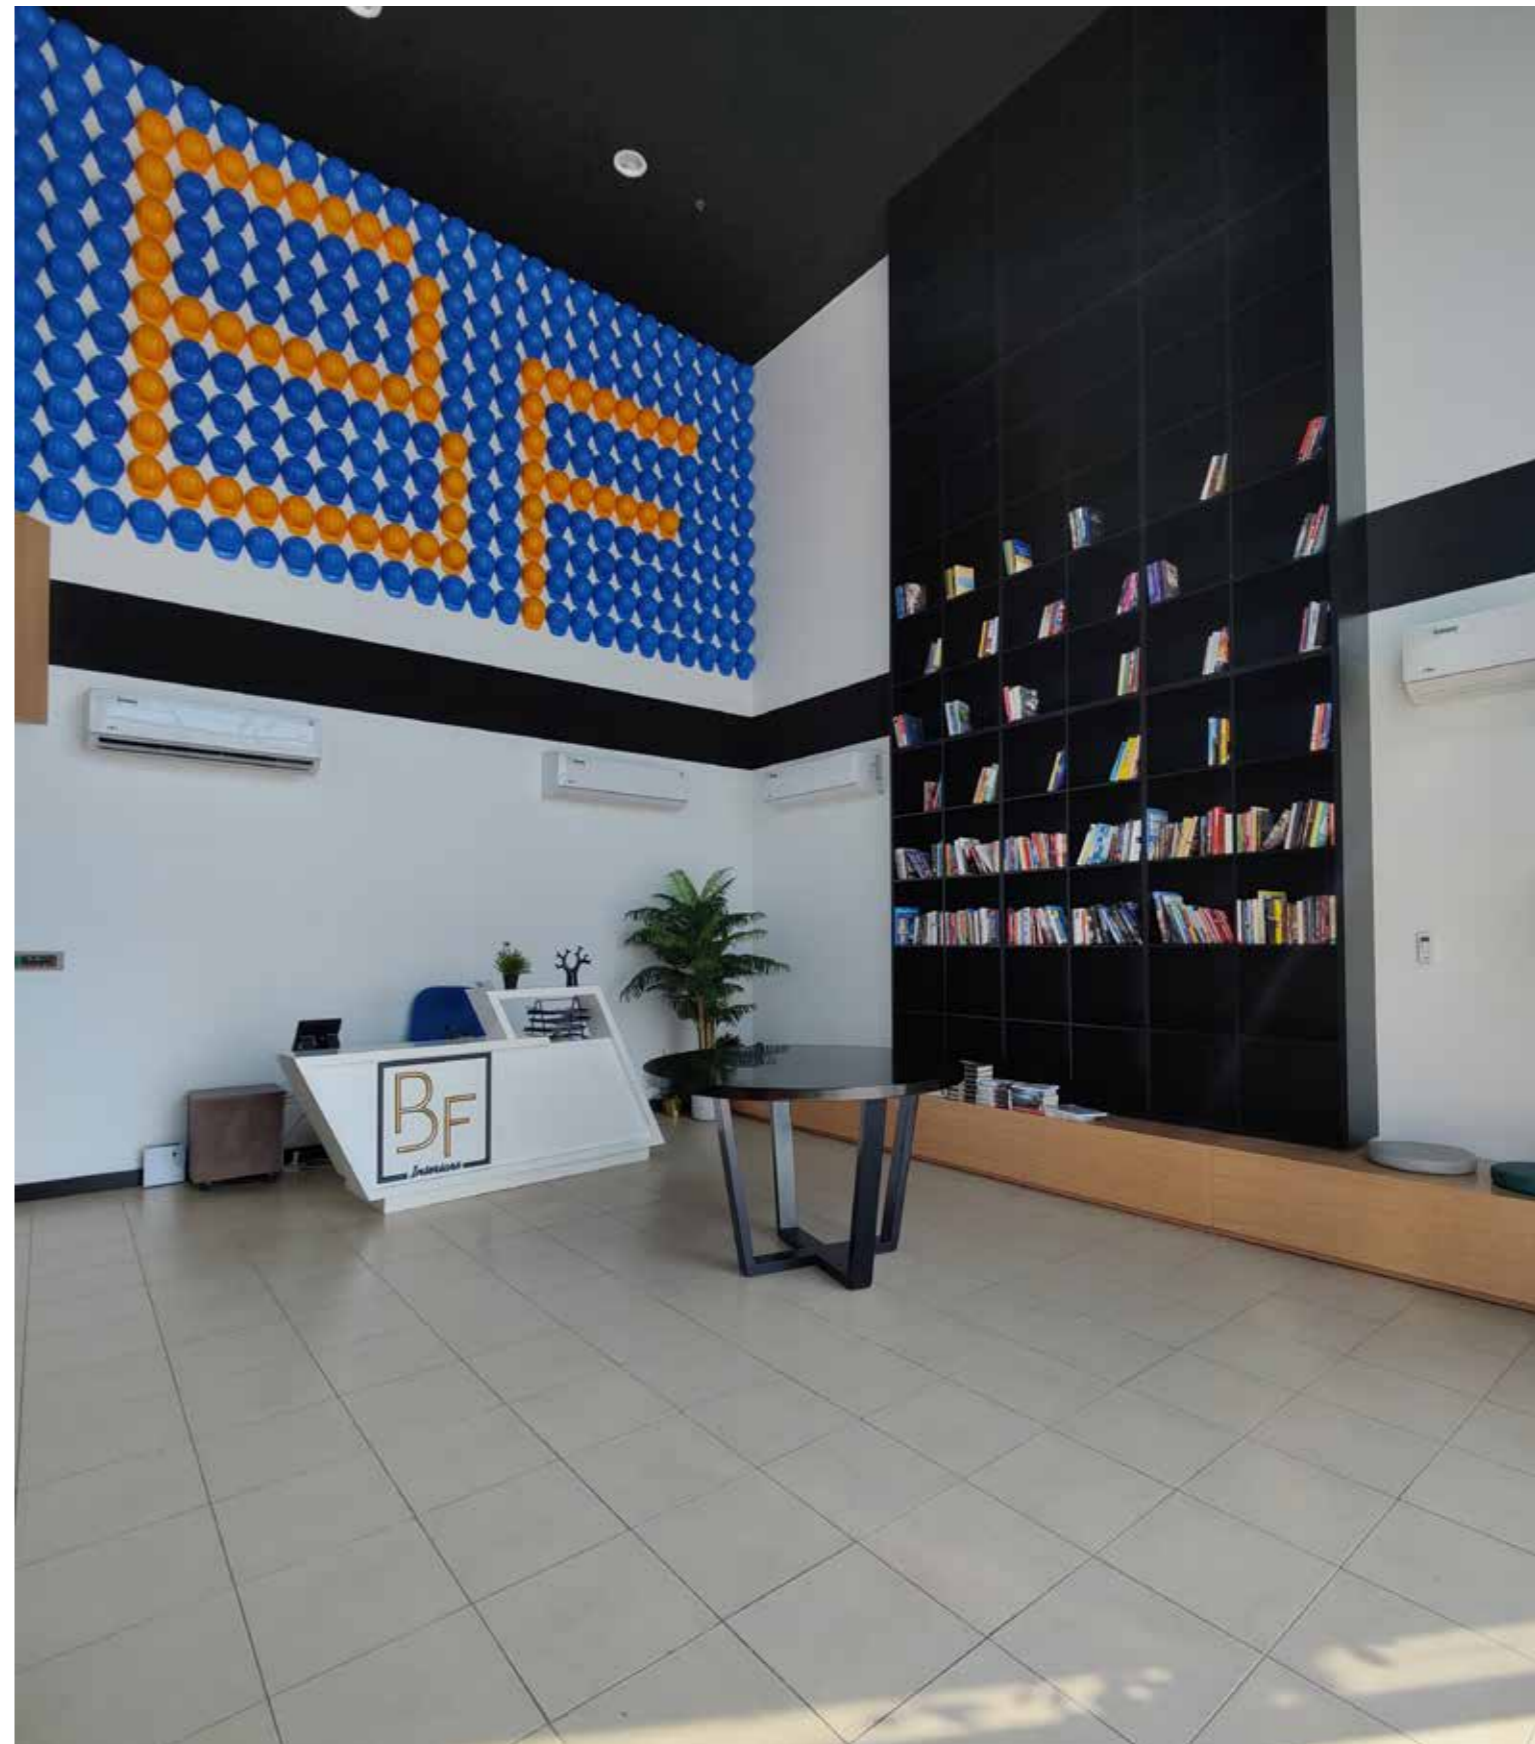

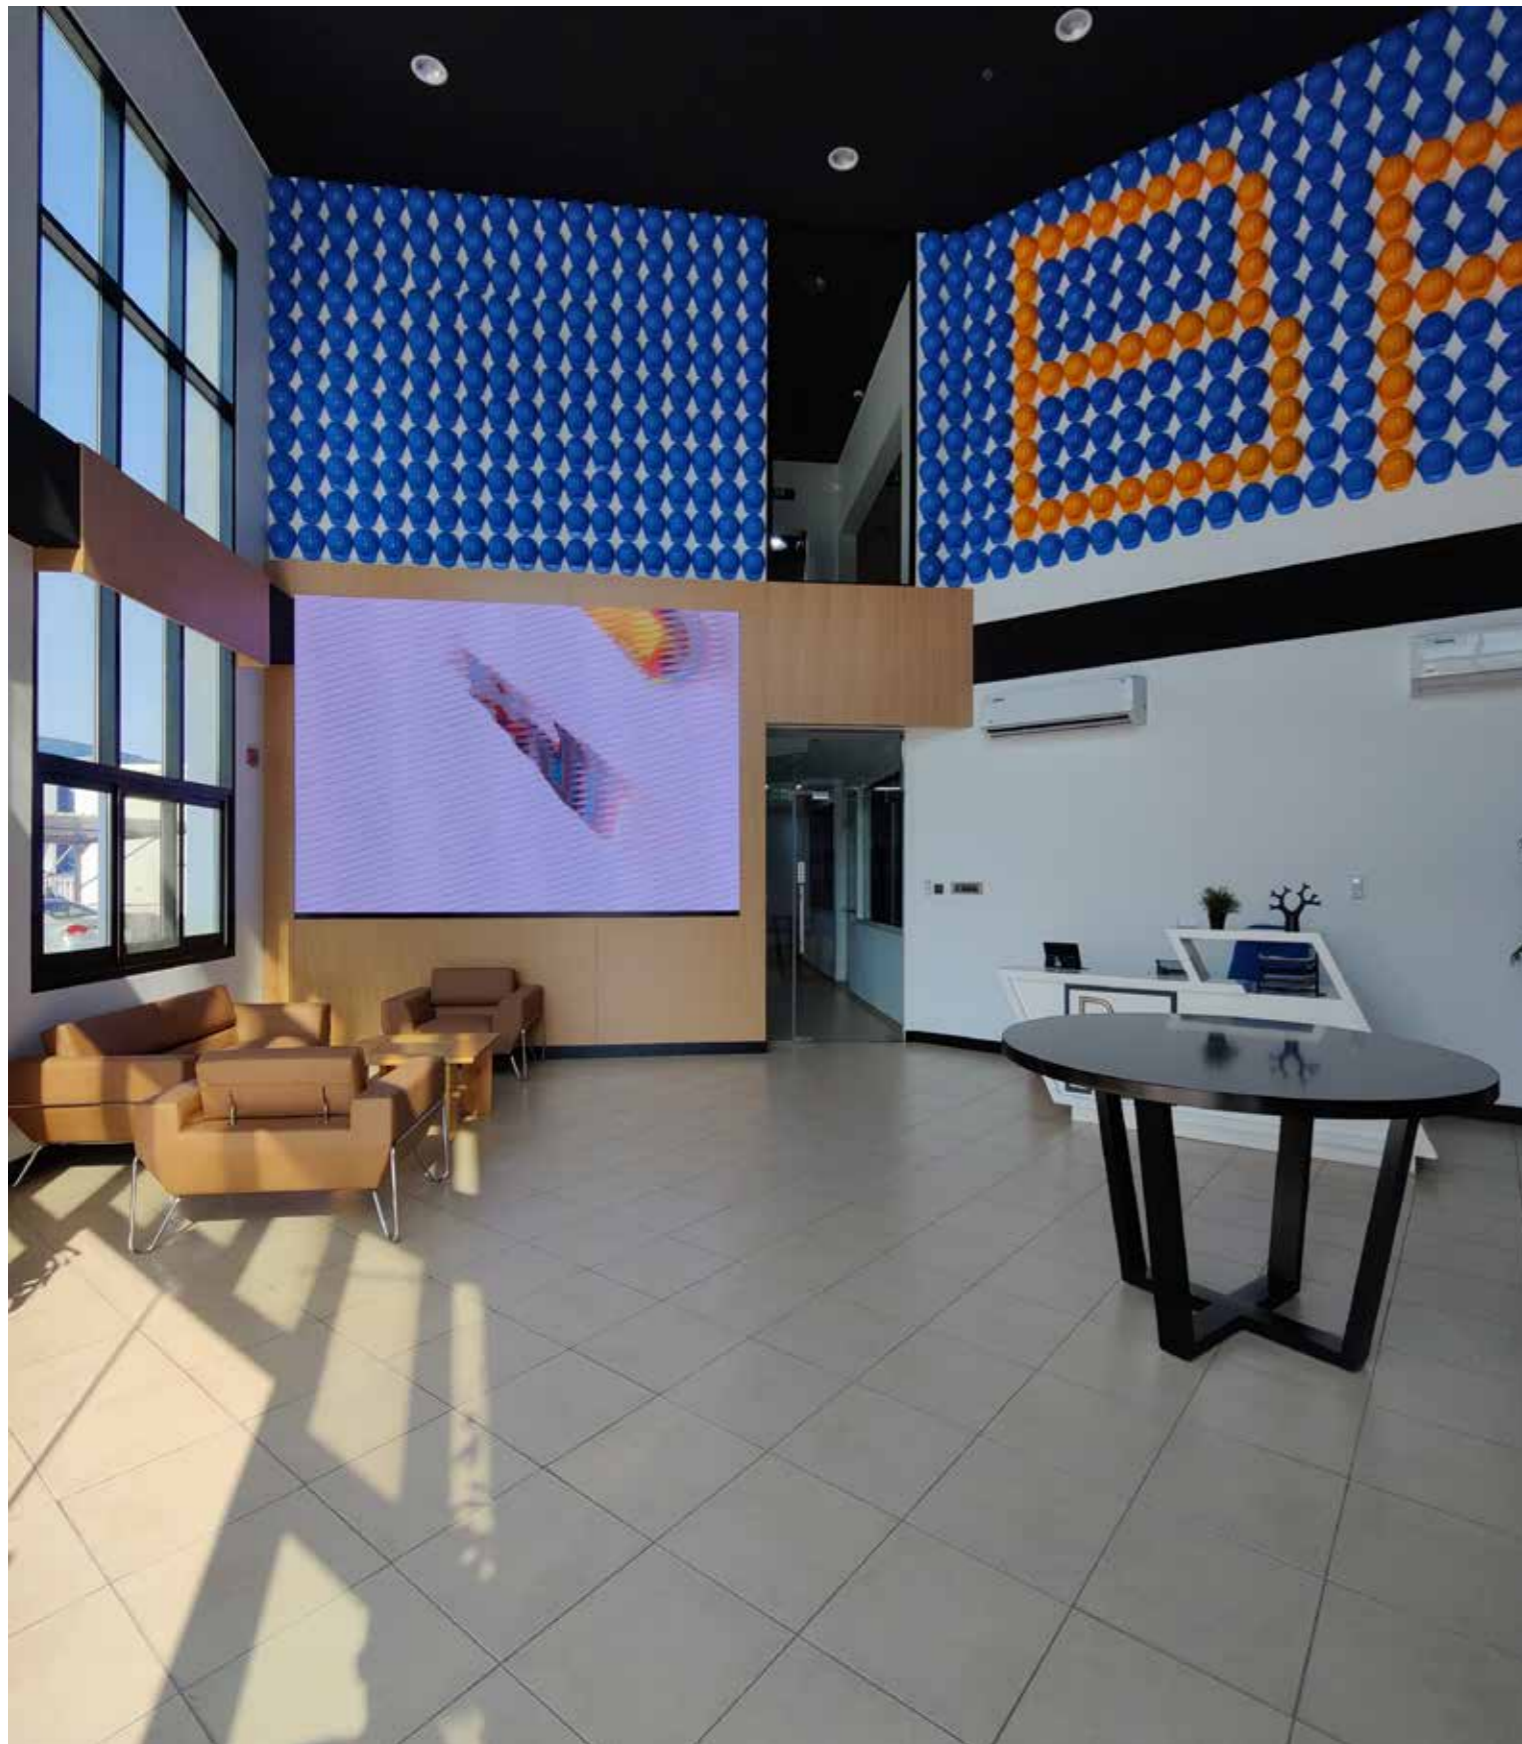

We take great pride in performing our work to the greatest quality. We also achieve this through careful planning, clear communication, excellent management, and attention to detail. Additionally, we collaborate with businesses across all of the other trades, allowing us to fulfill a greater range of projects.

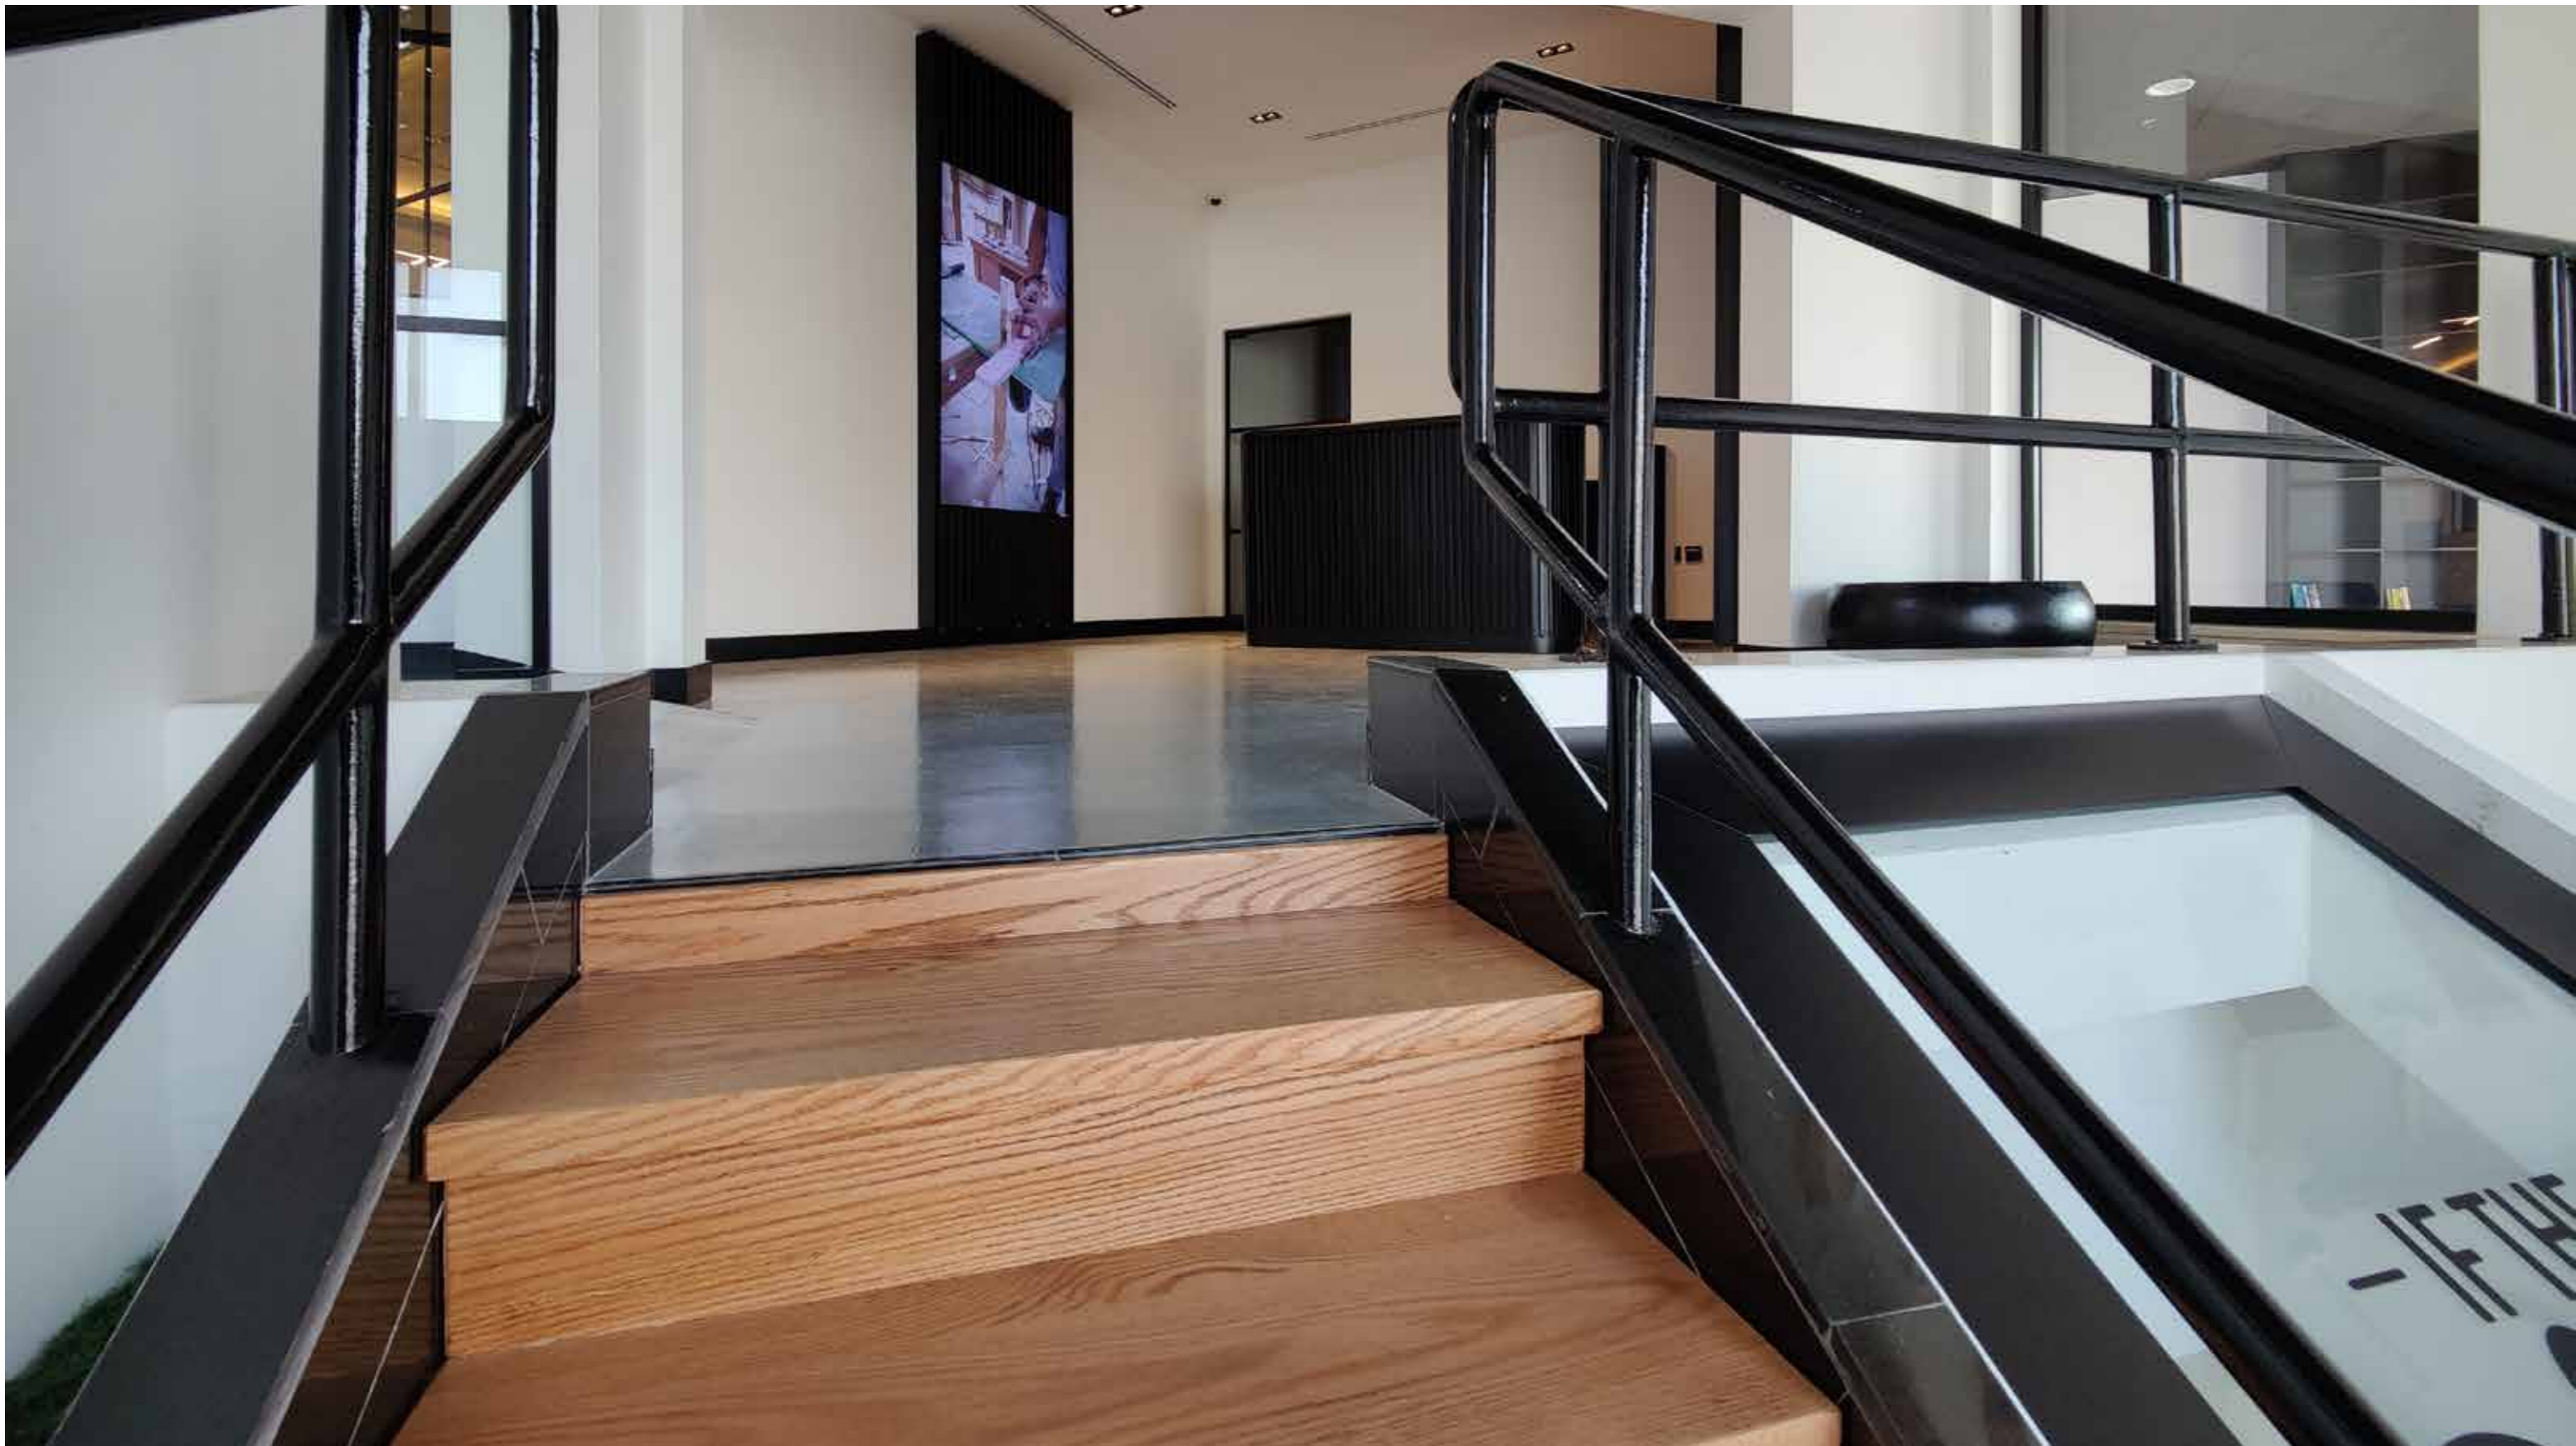

We take great pride in performing our work to the greatest quality. We also achieve this through careful planning, clear communication, excellent management, and attention to detail. A modern lounge area with a pool table, bookshelves, and seating. The room features a dark wood pool table in the background, a large black leather sofa on the left, and a long wall of black bookshelves on the right. The floor is light-colored wood, and the ceiling has recessed lighting. The text "OUR FACILITES" is overlaid in the center.

OUR FACILITES

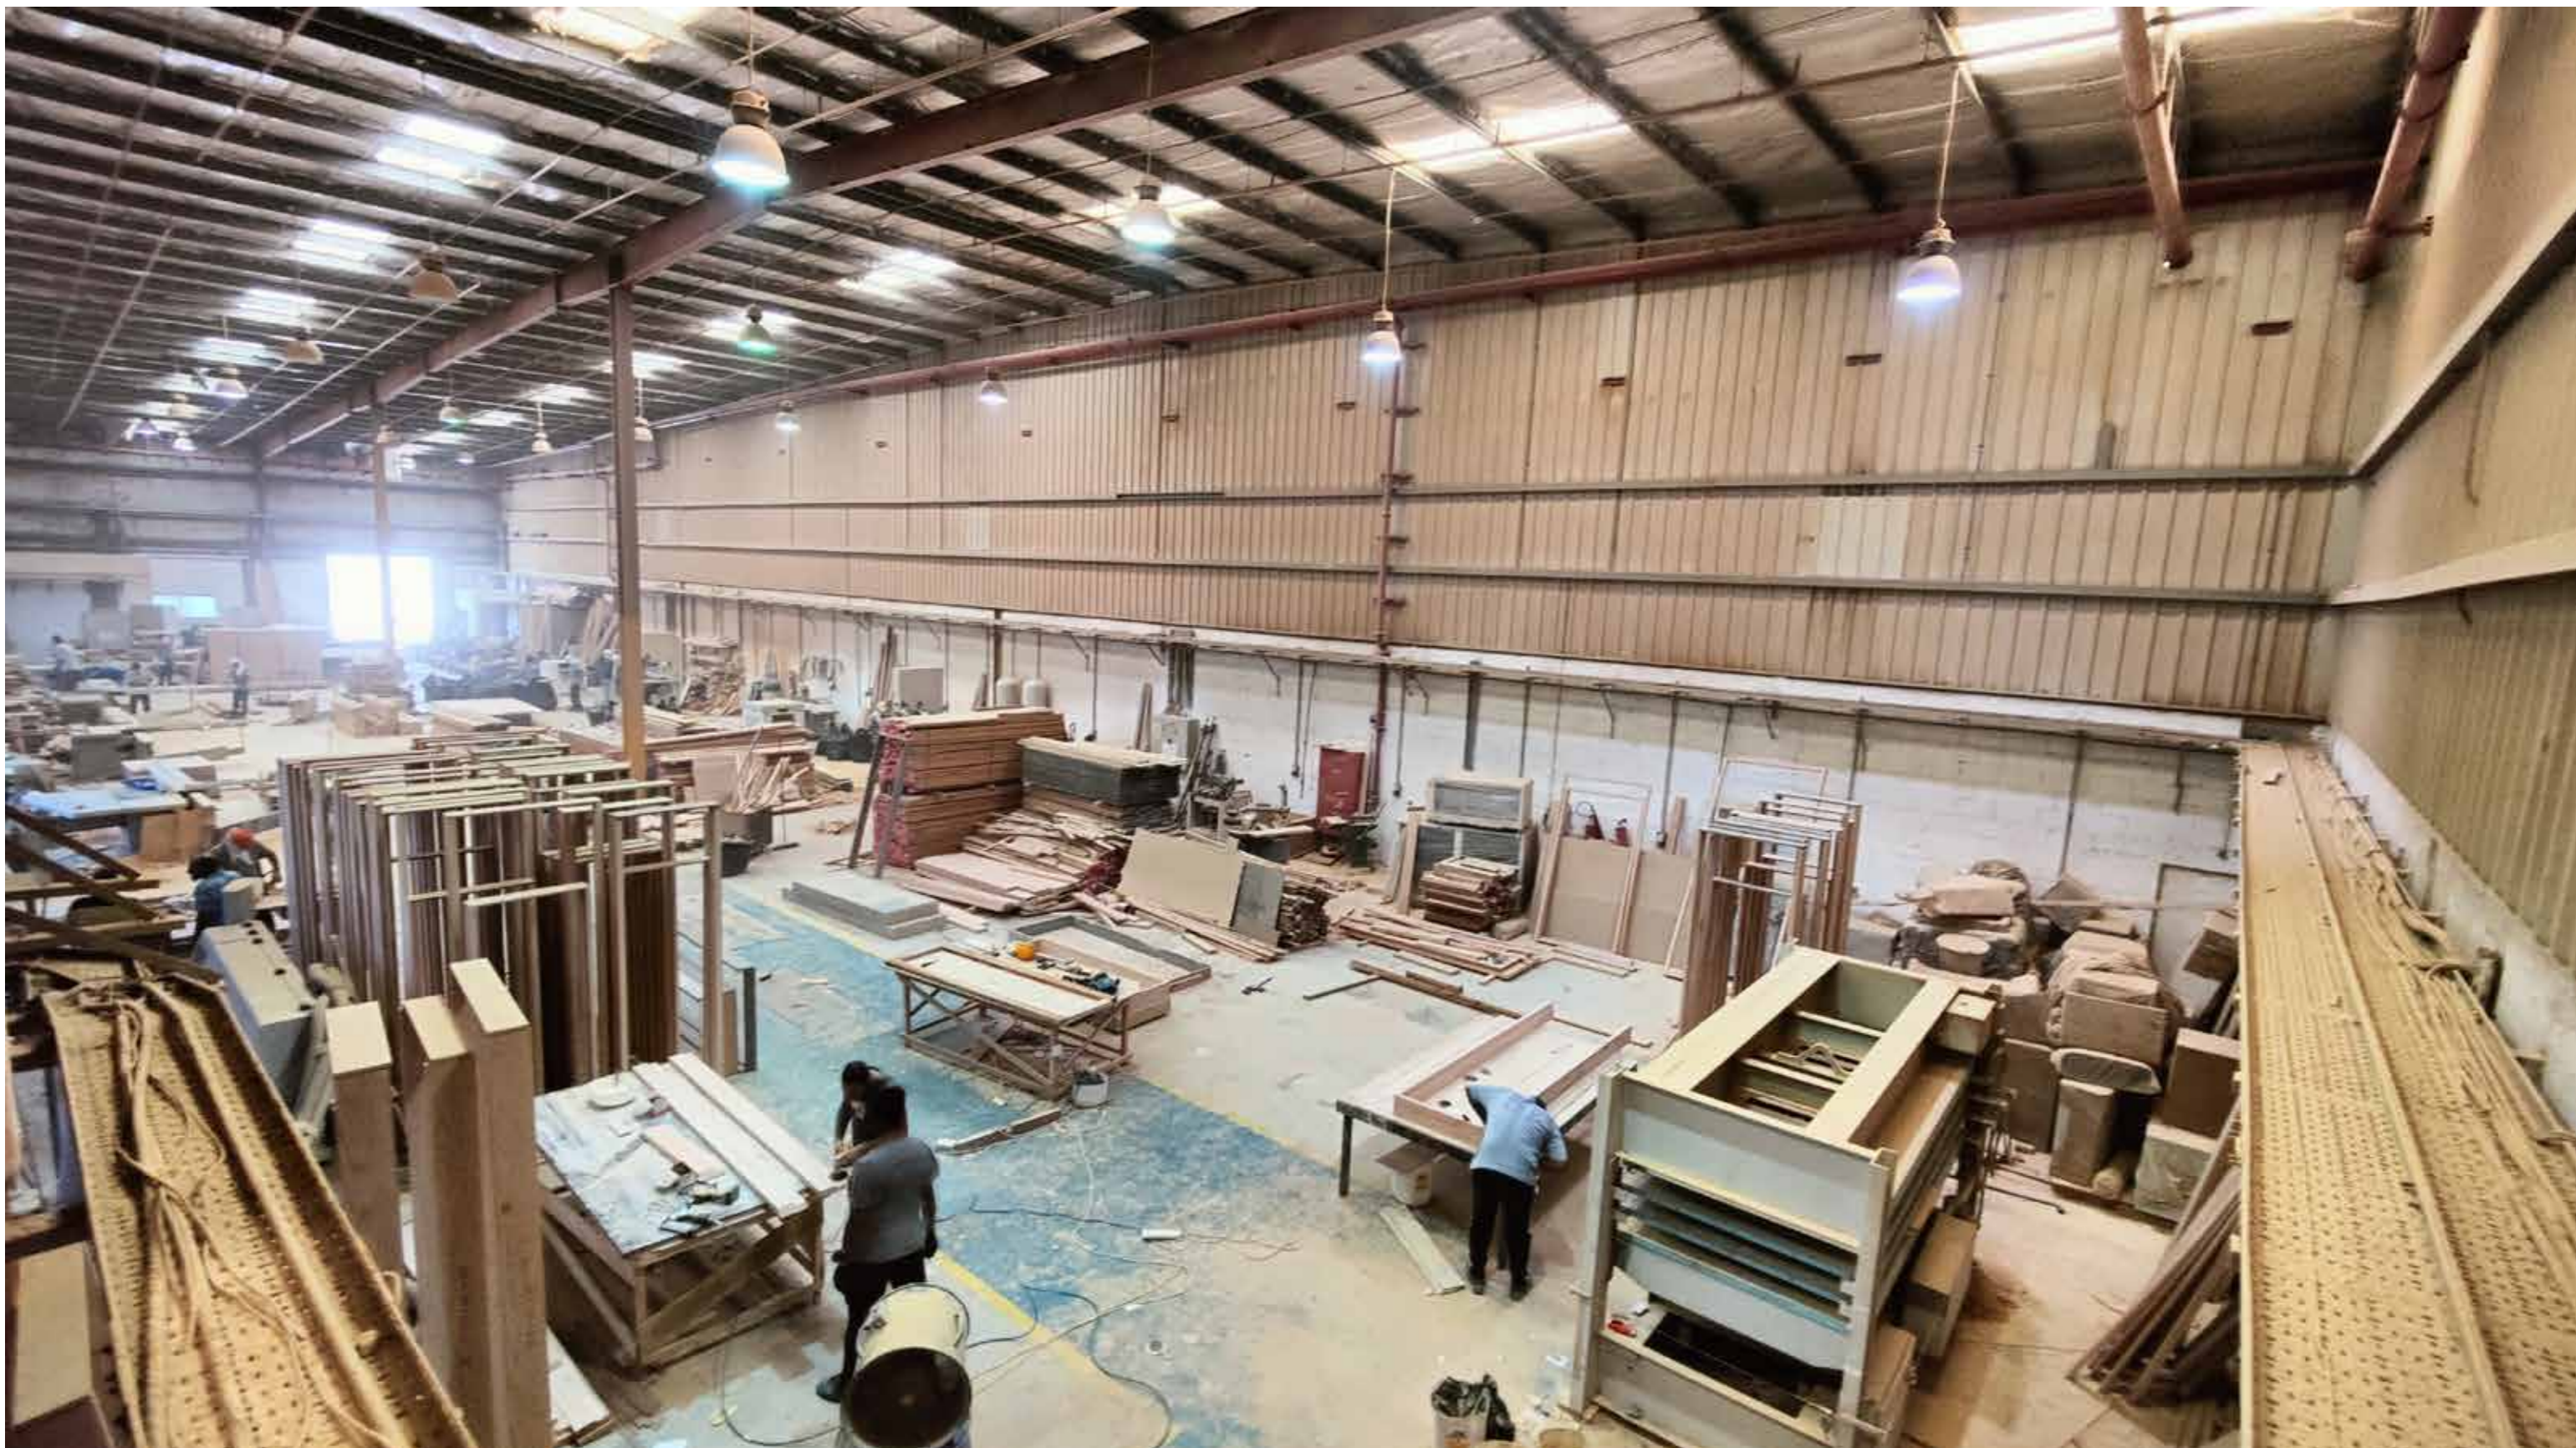

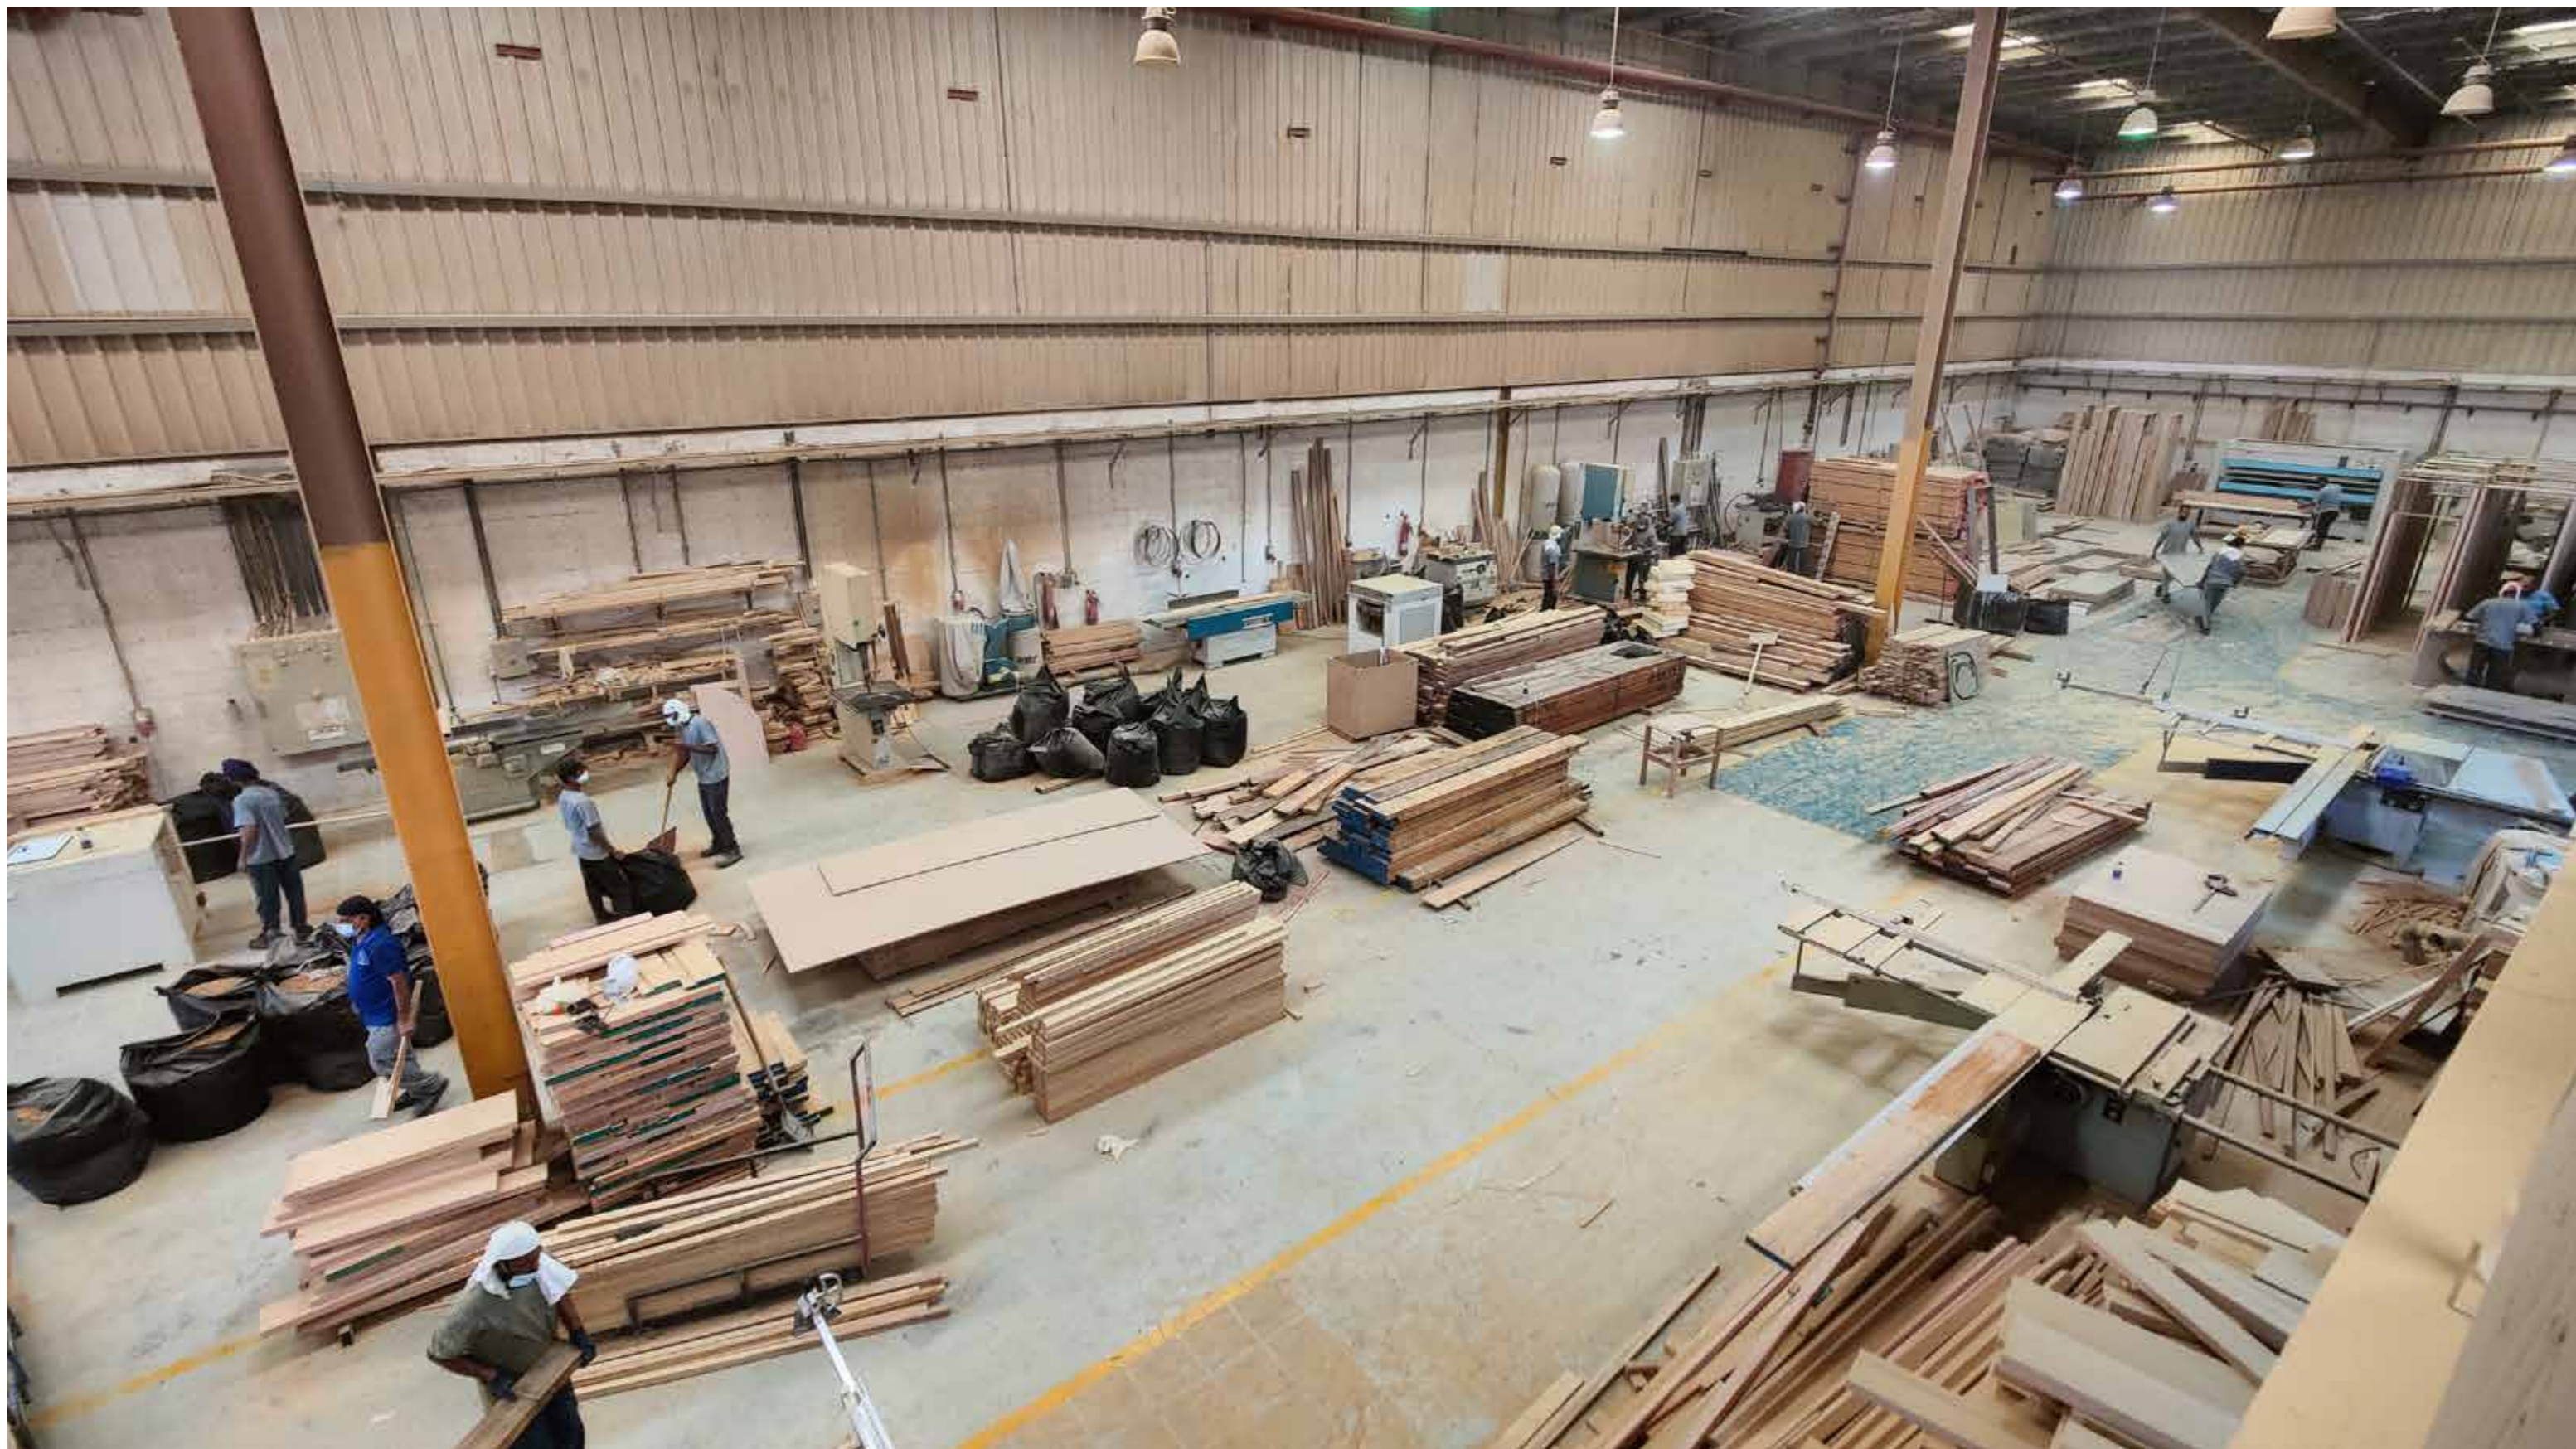

WORKSHOP

A person wearing a plaid shirt and safety glasses is using a red power router to shape a piece of wood on a workbench. The word "WORKSHOP" is overlaid in large white letters. The background shows a busy workshop with various tools and equipment.

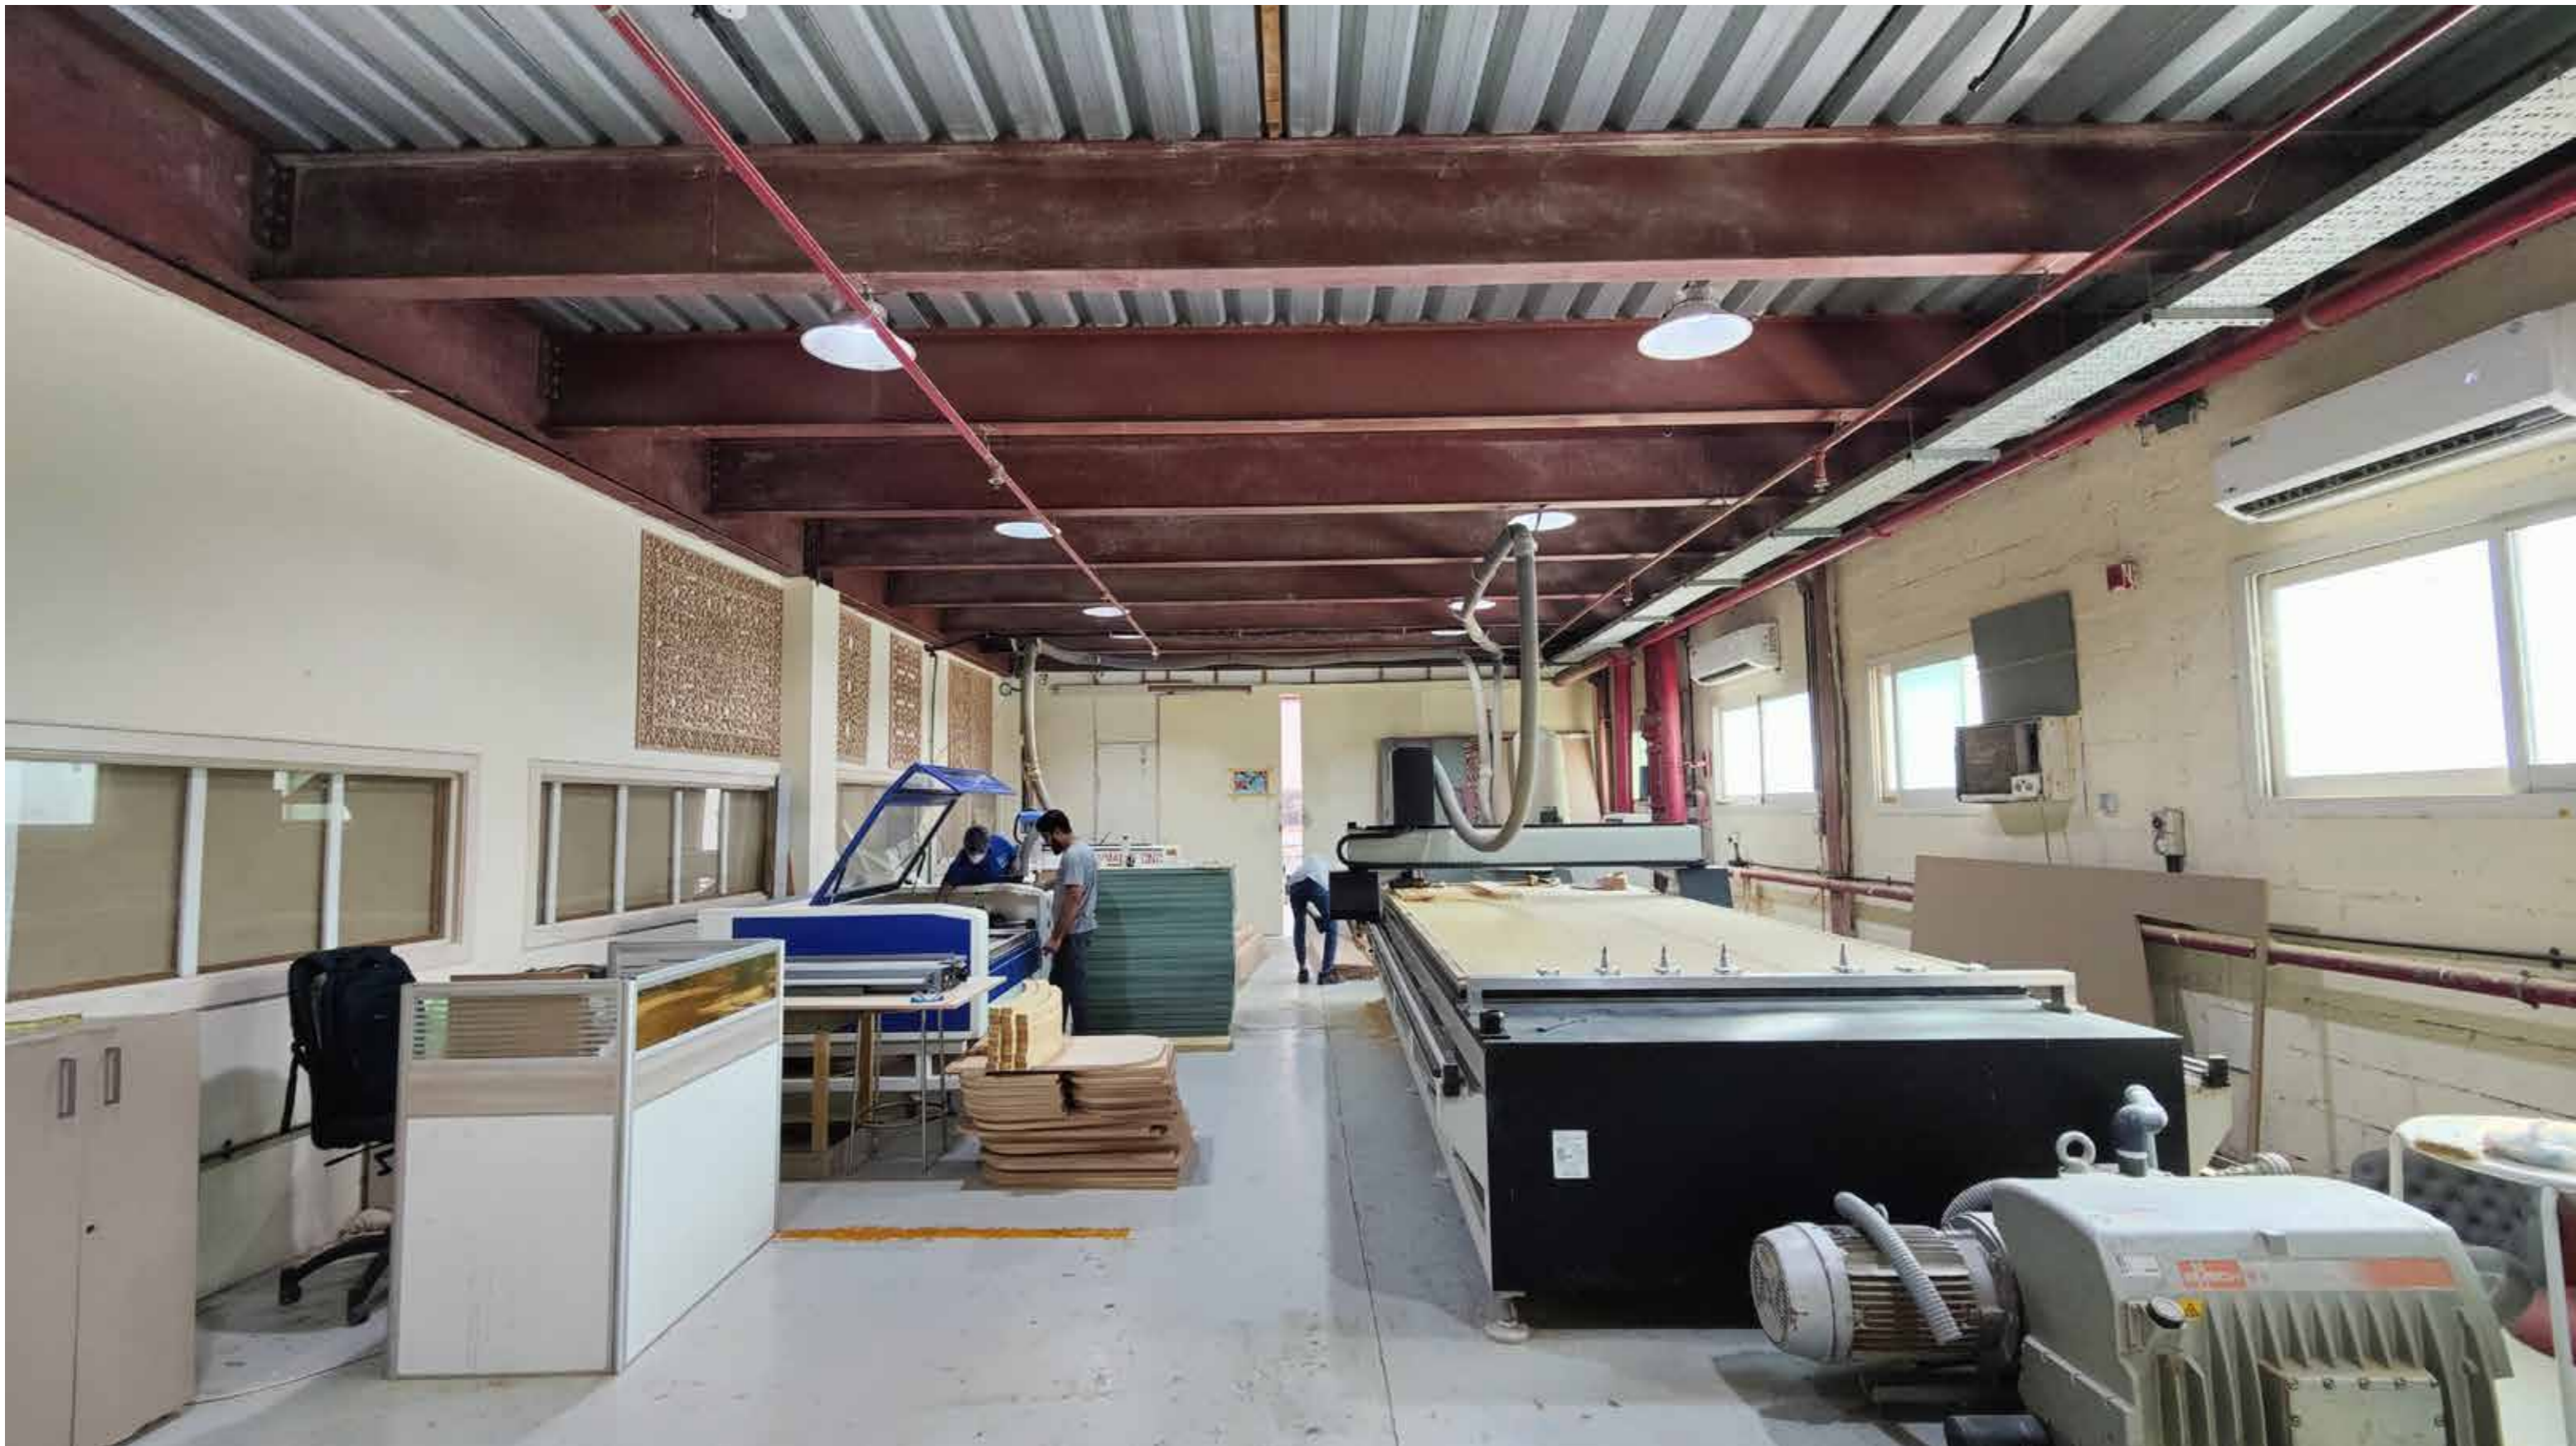

TWO STOREY FACILITY | FACTORY AREA: 62500 SQFT

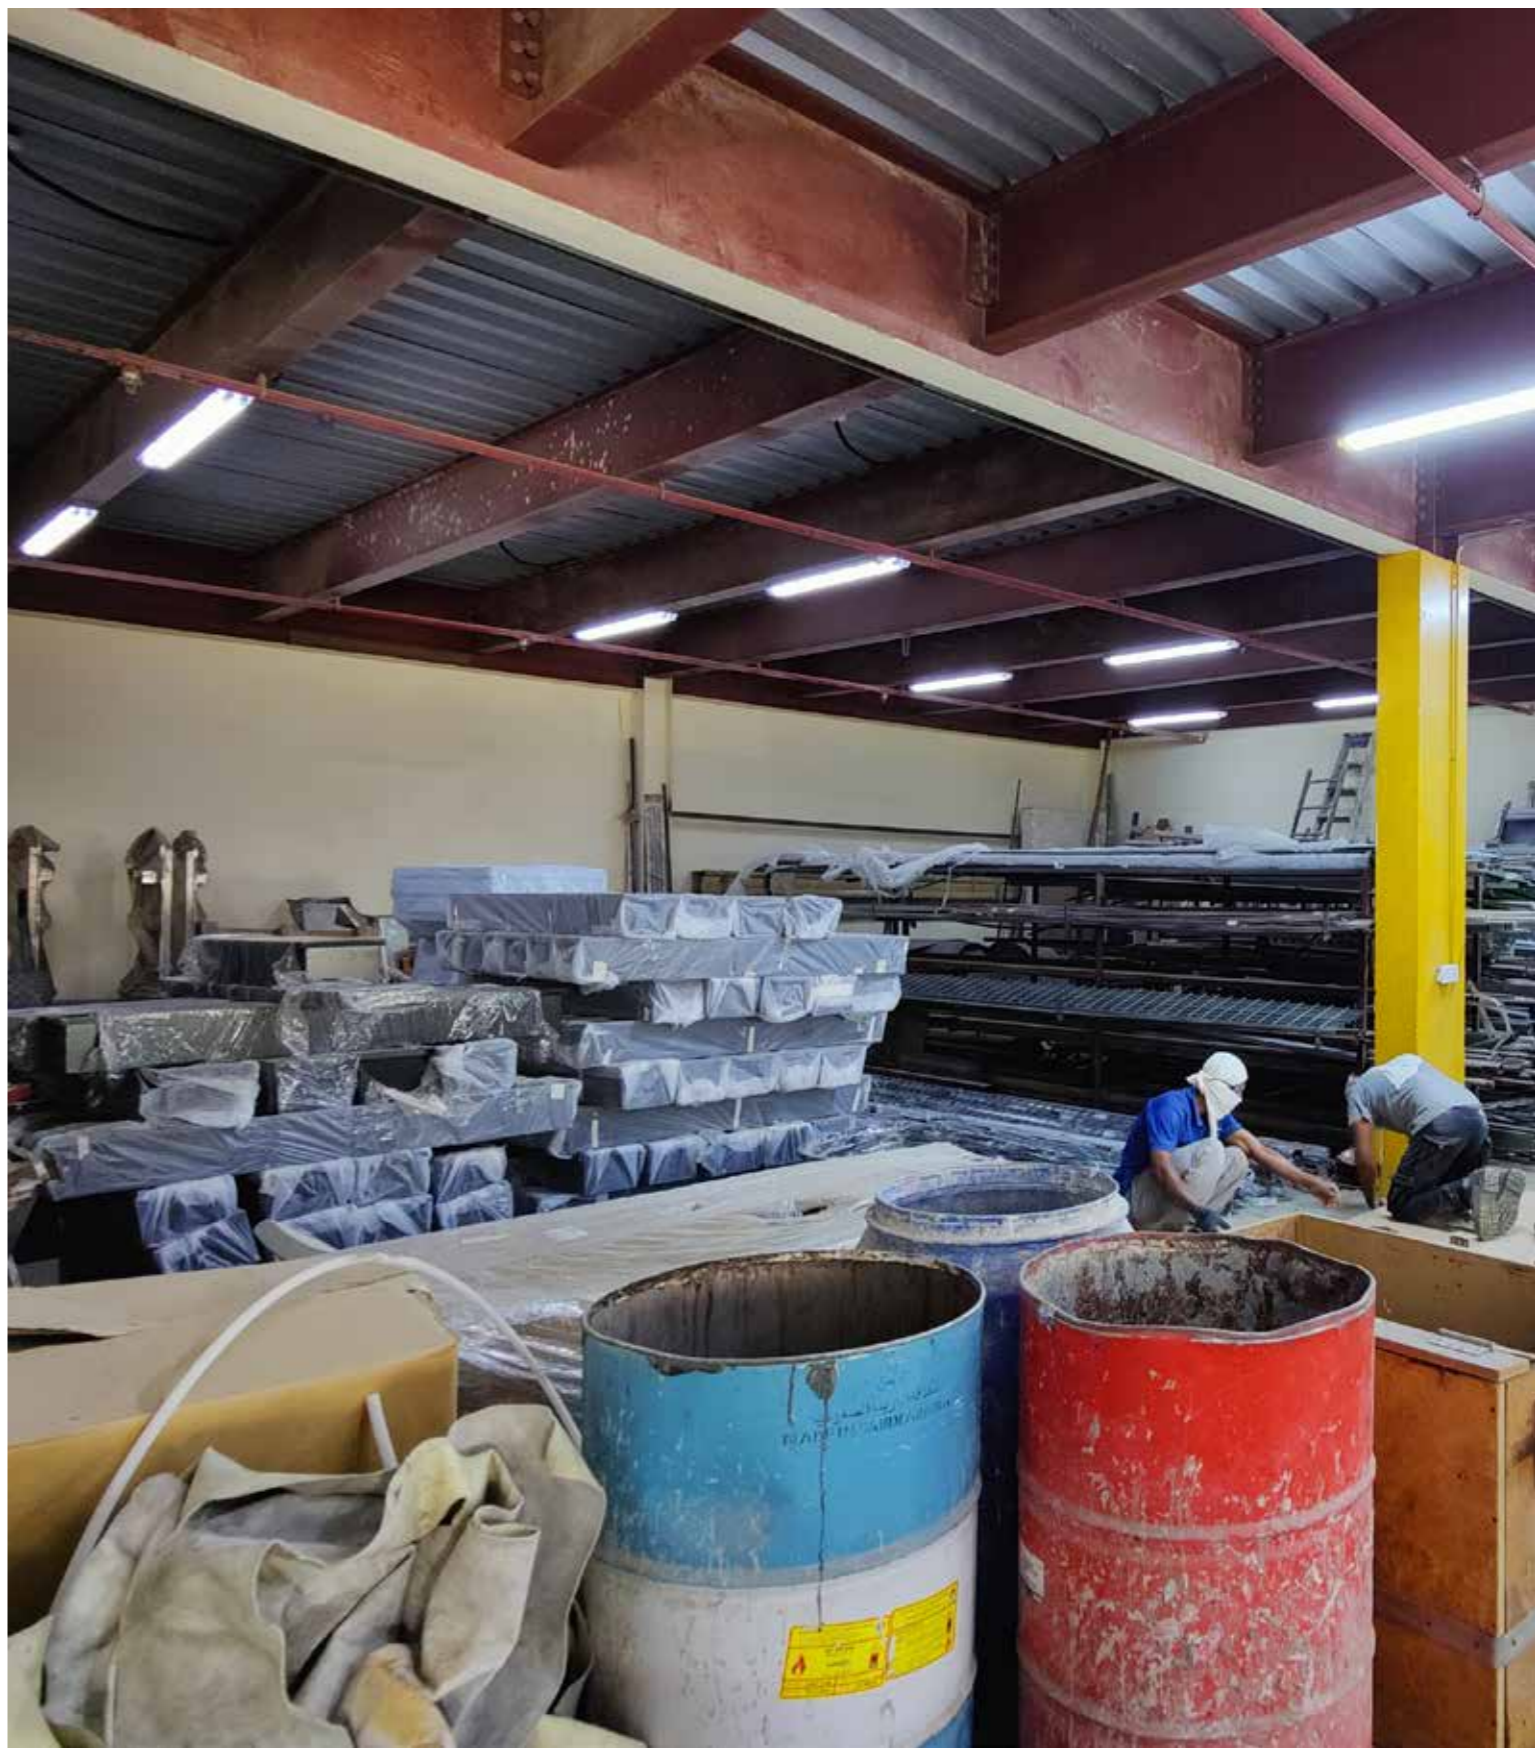

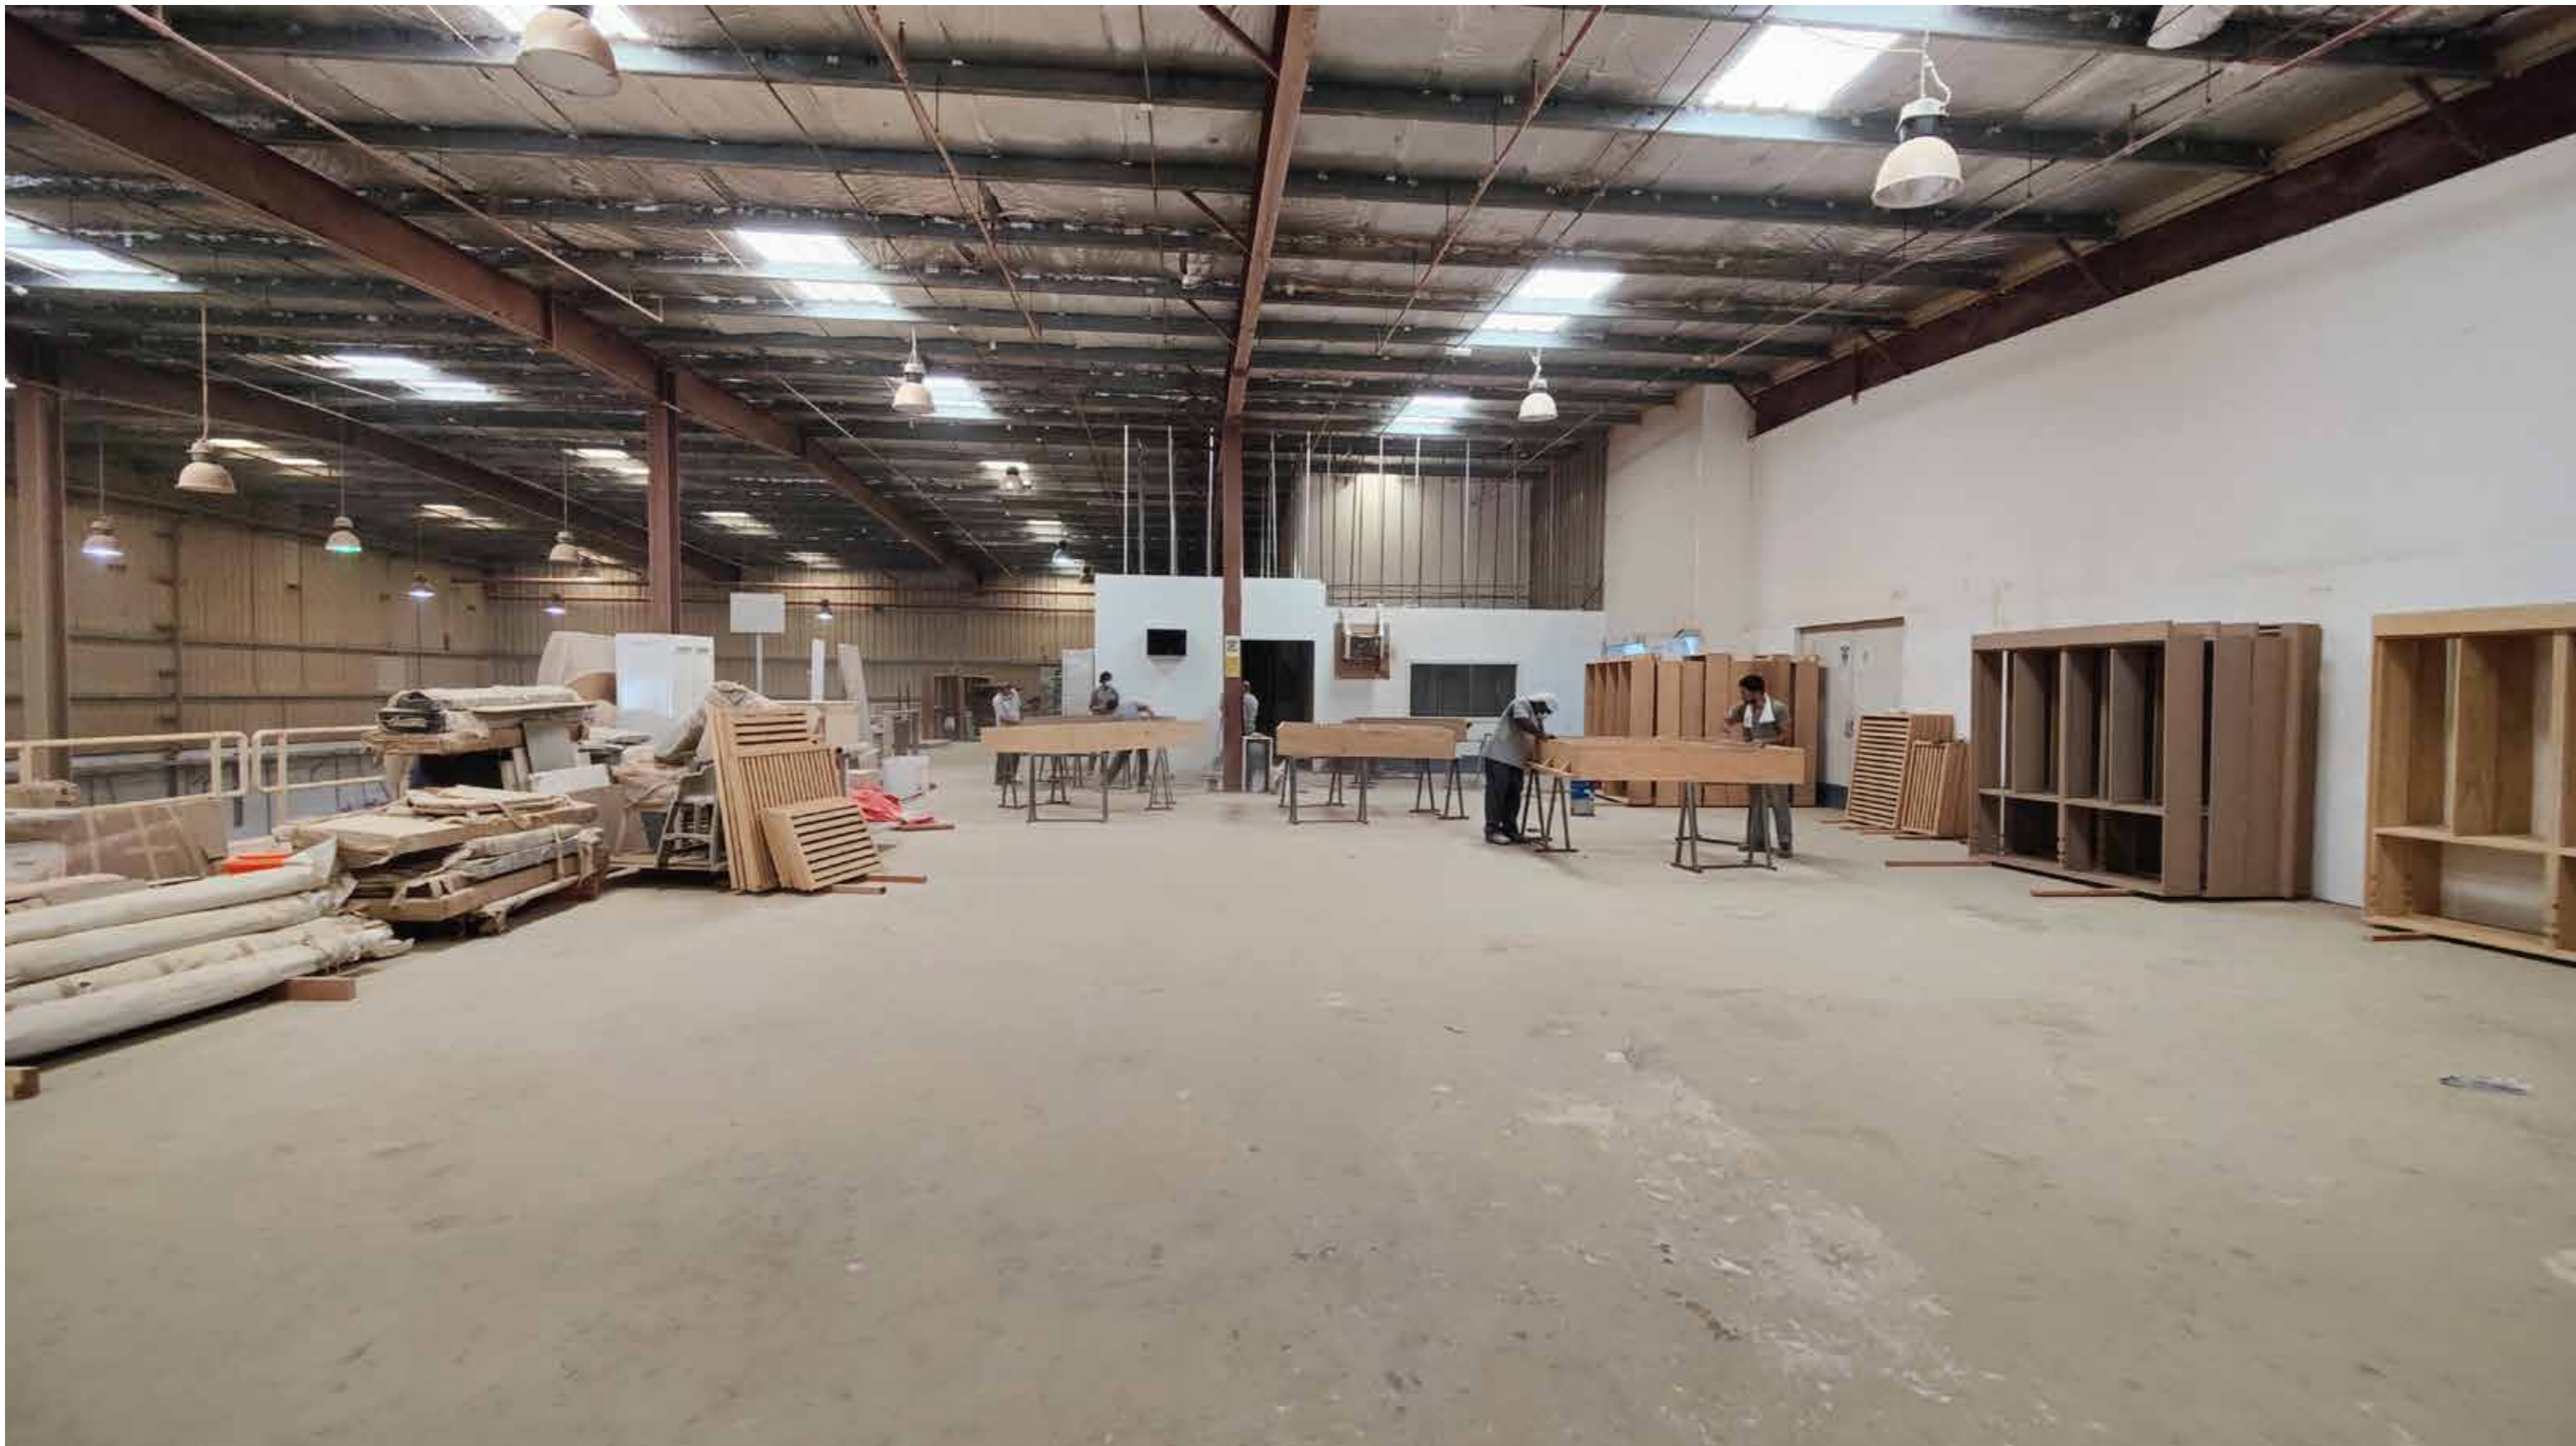

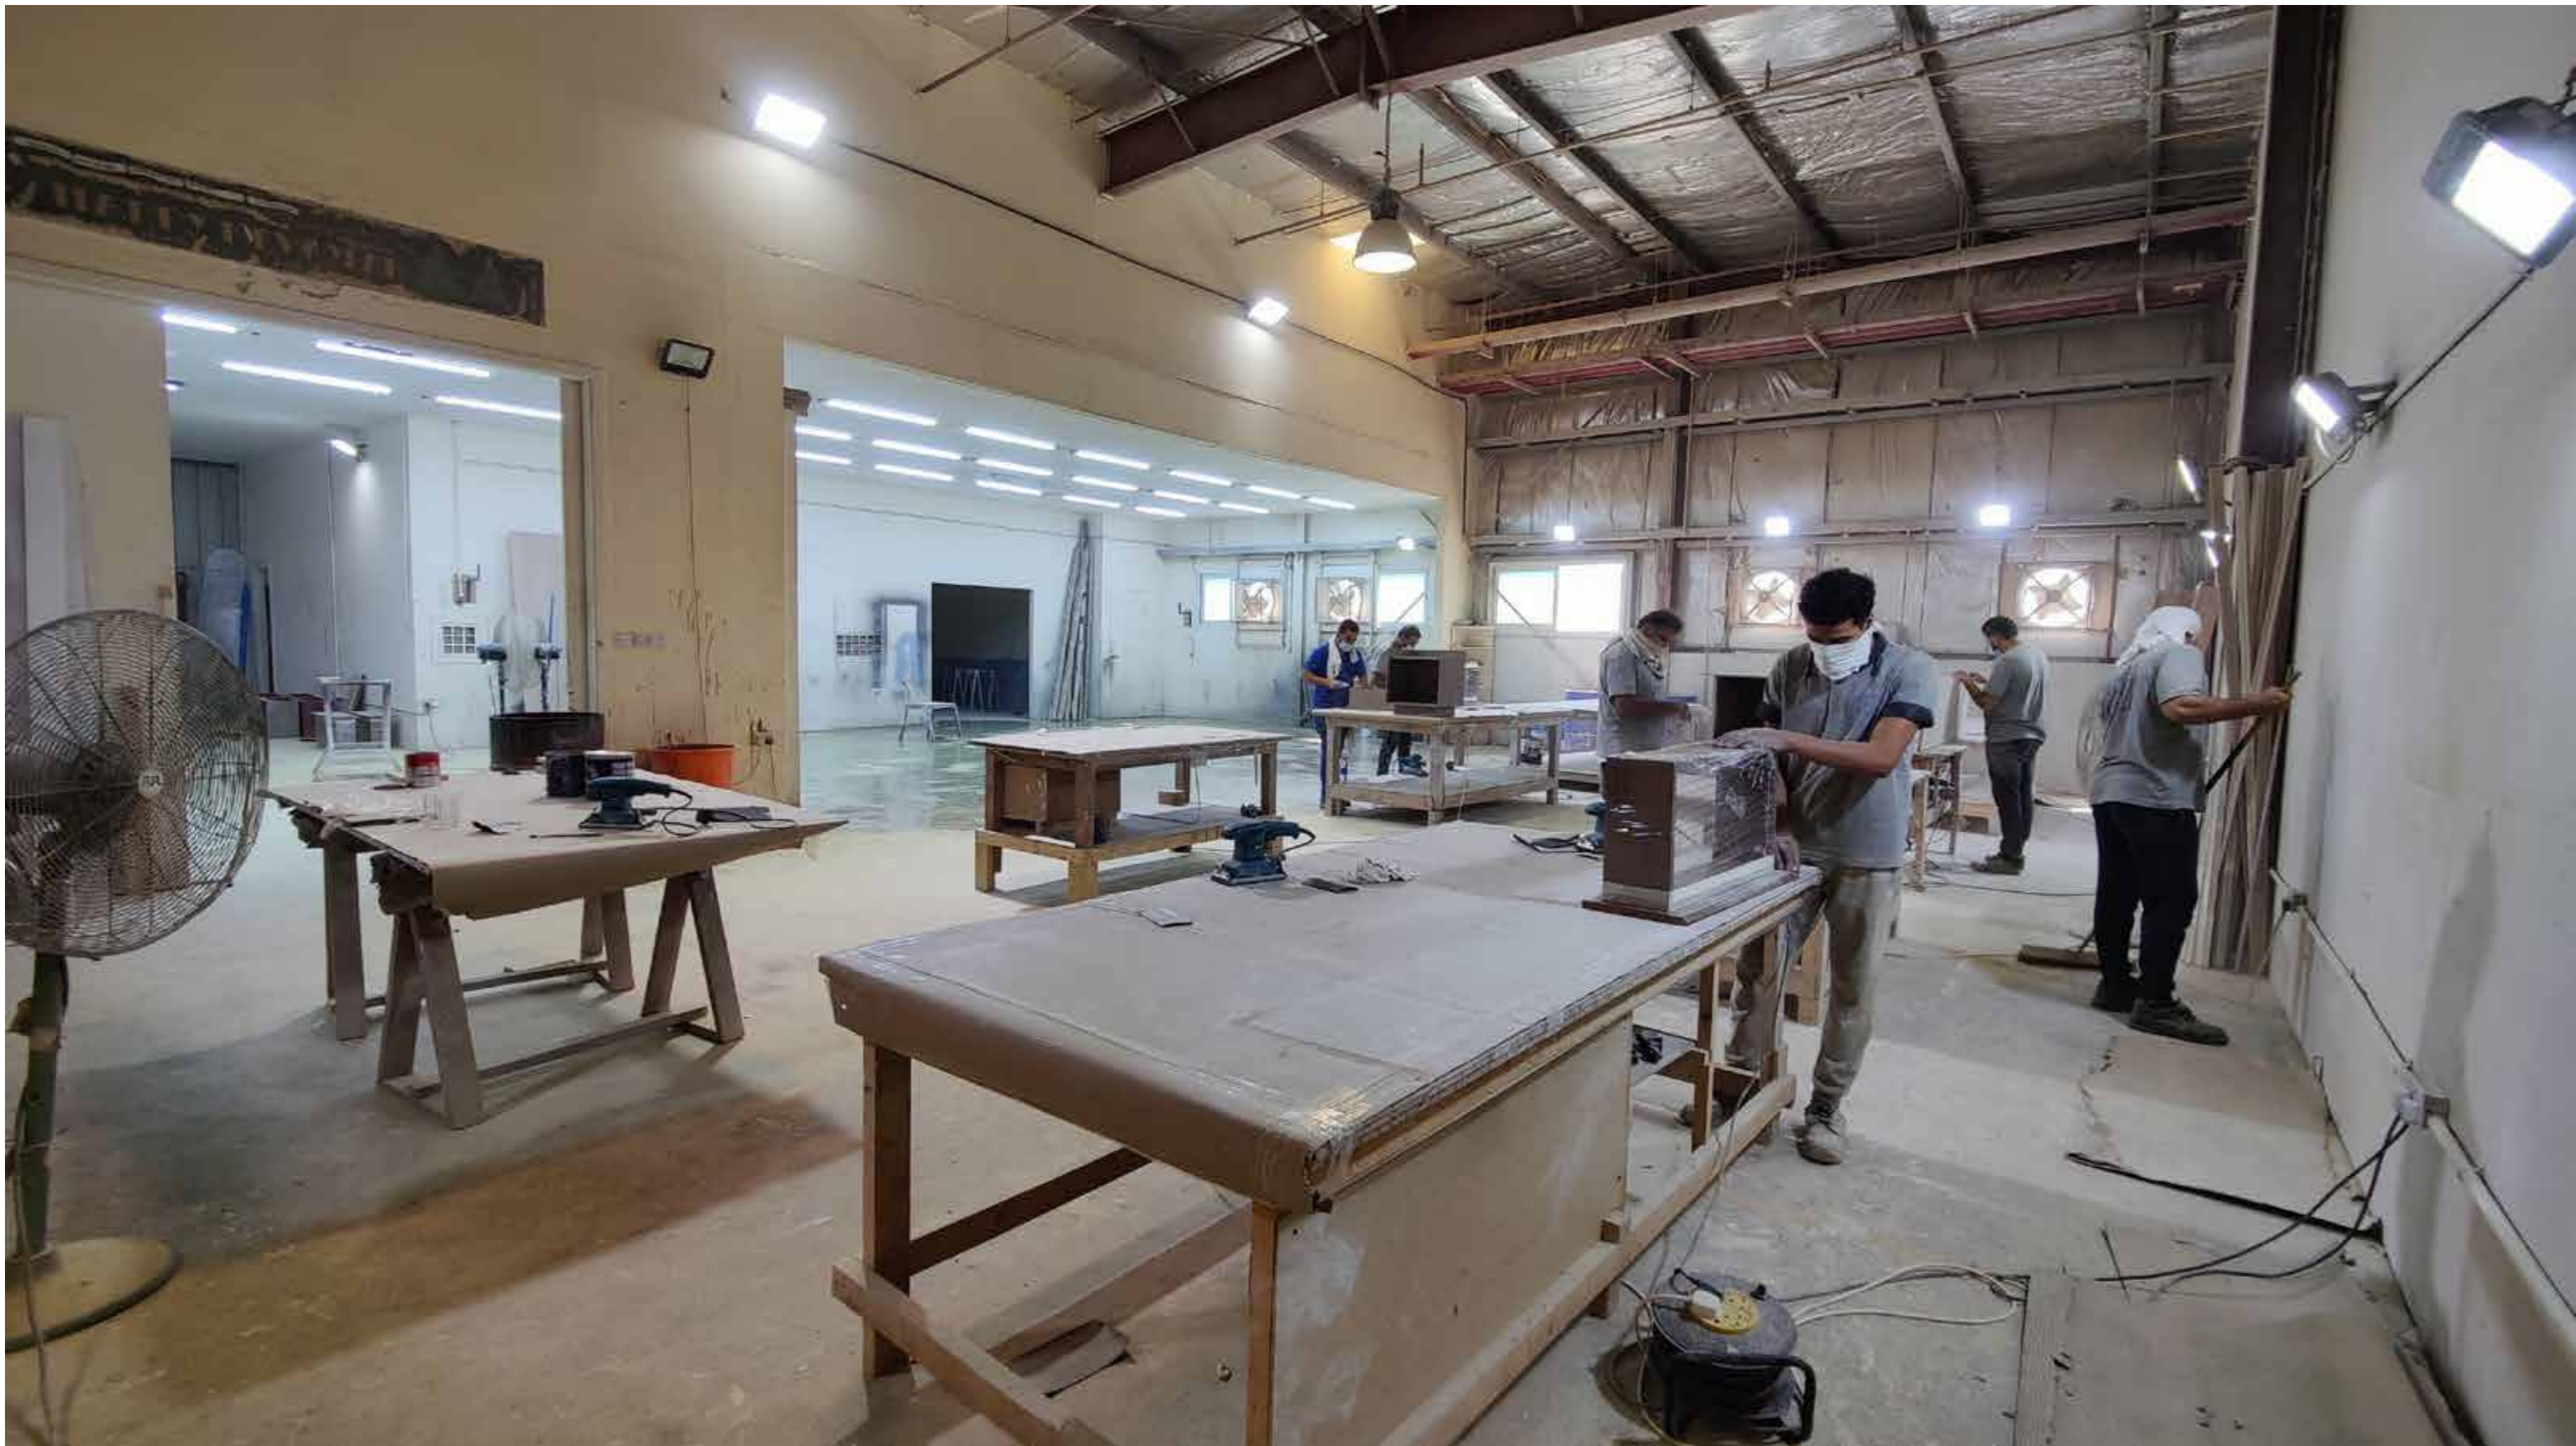

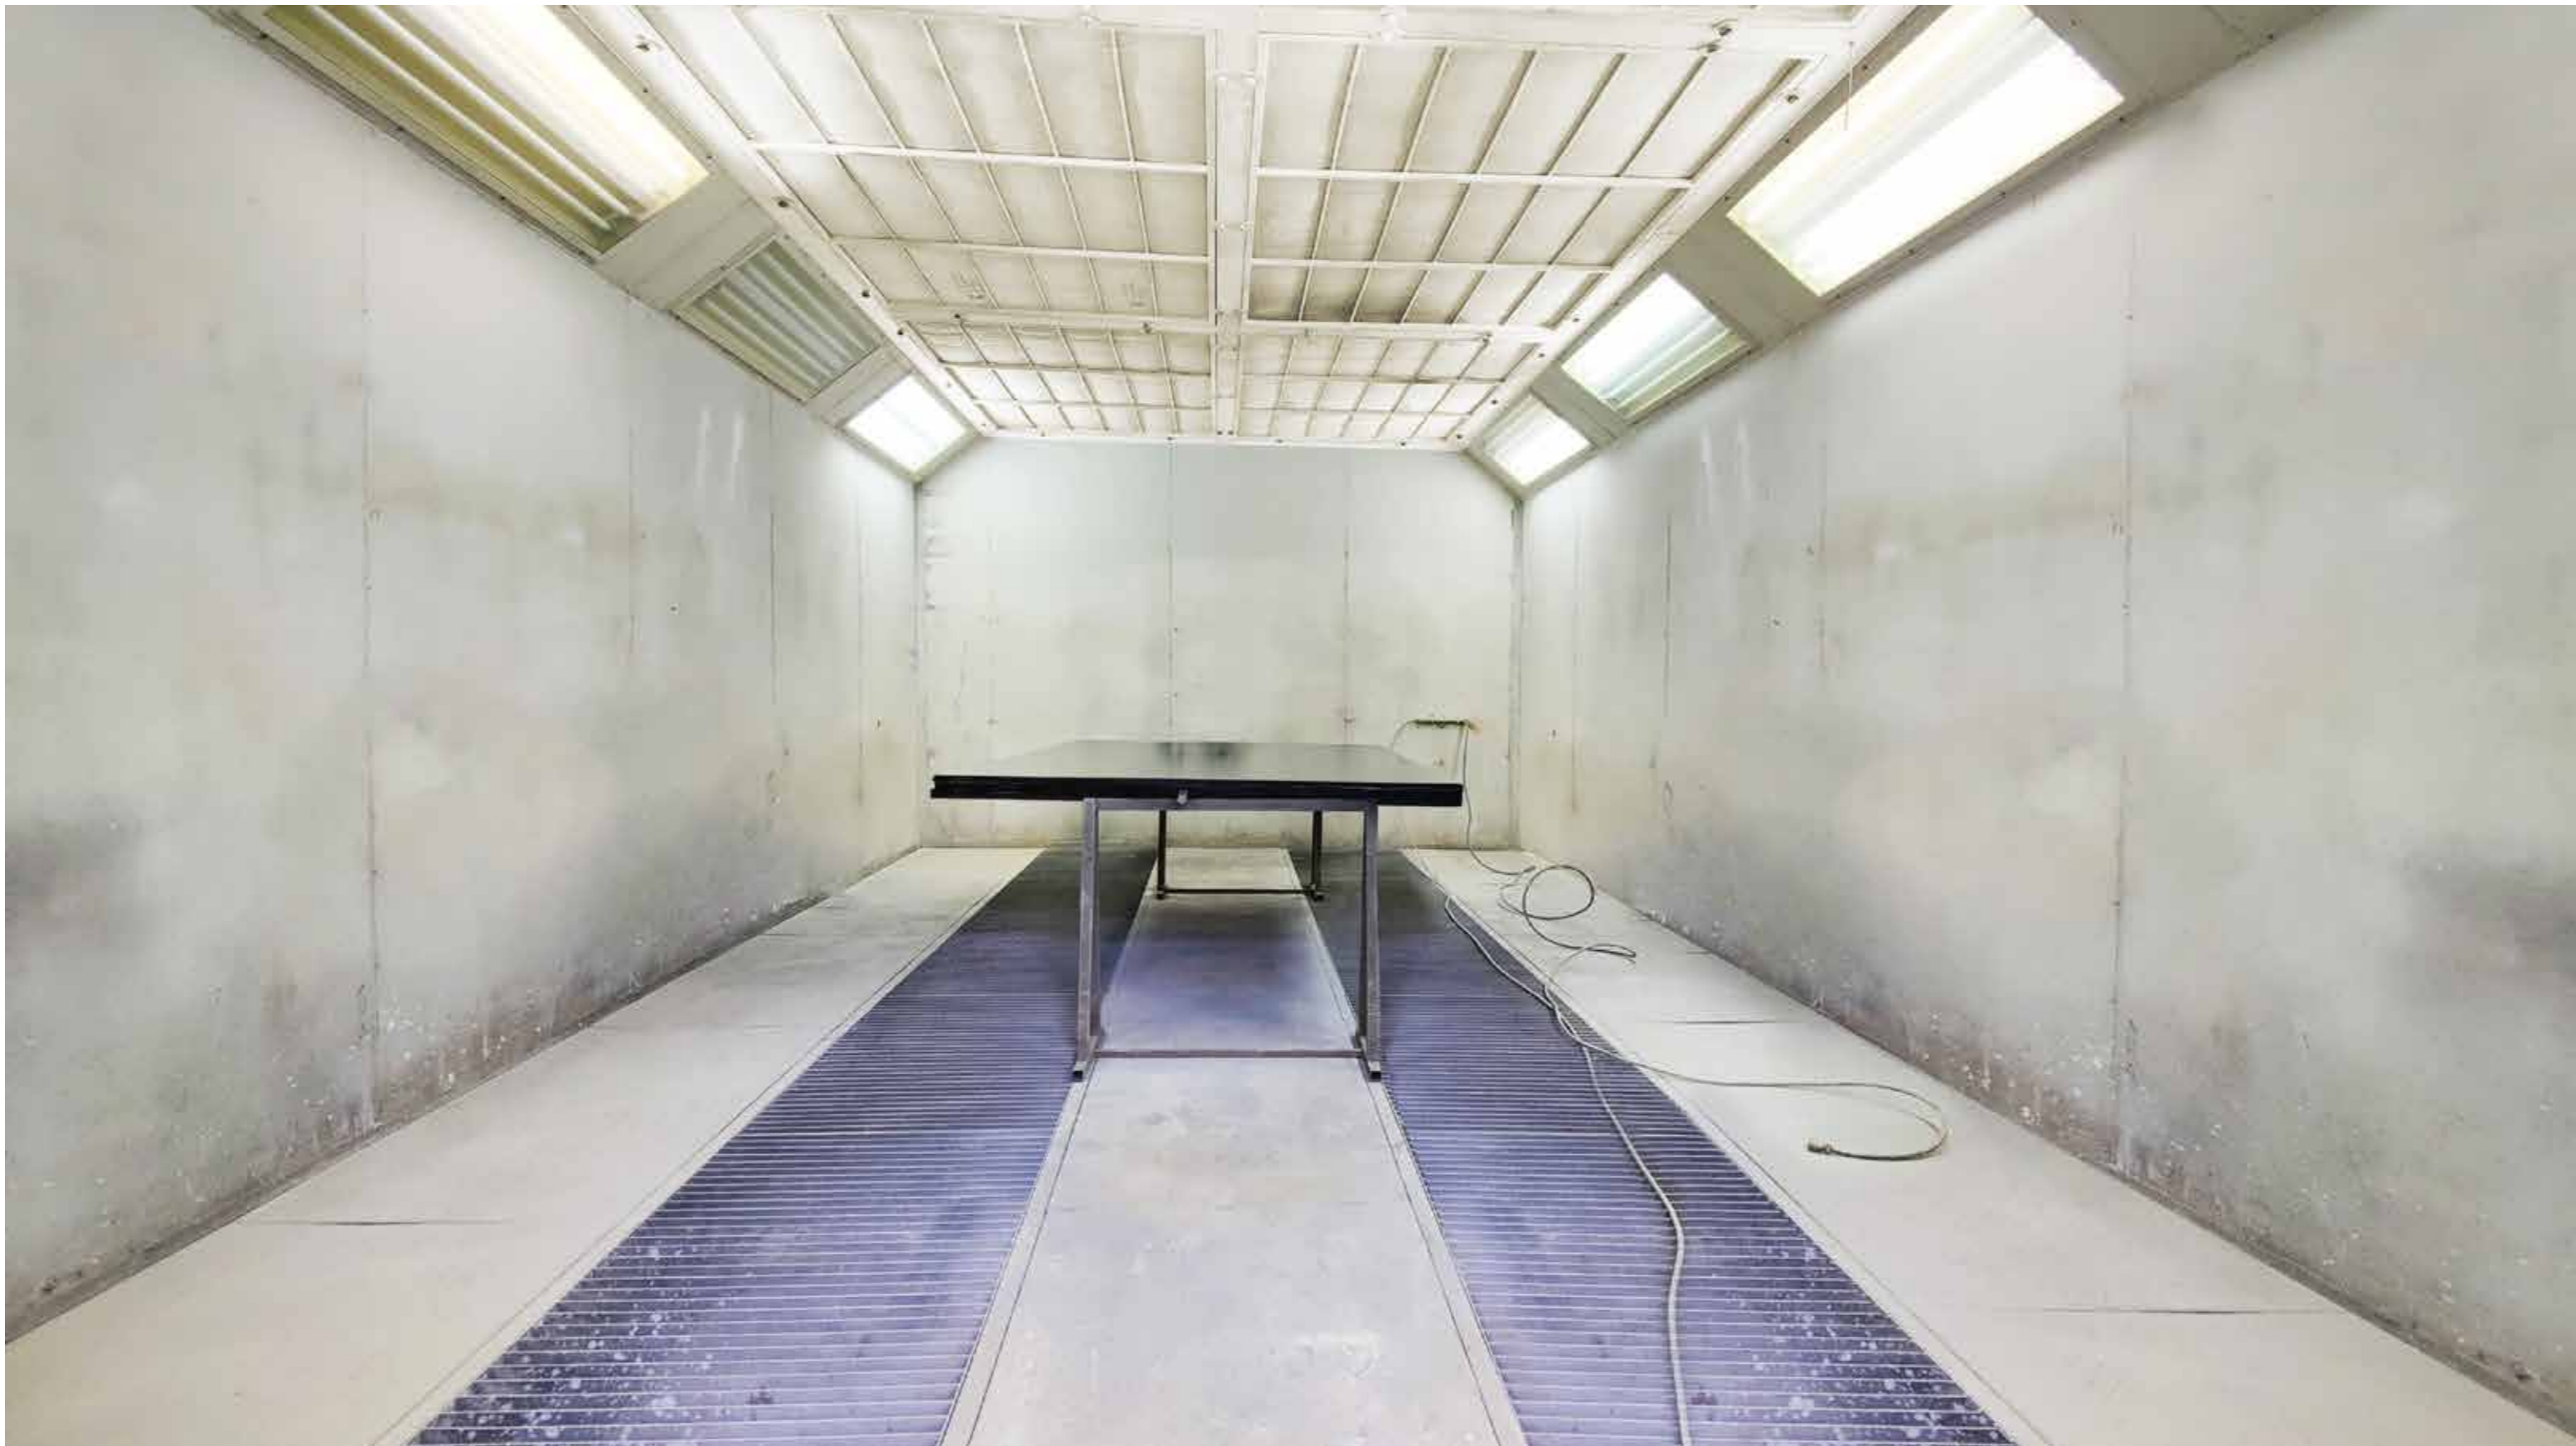

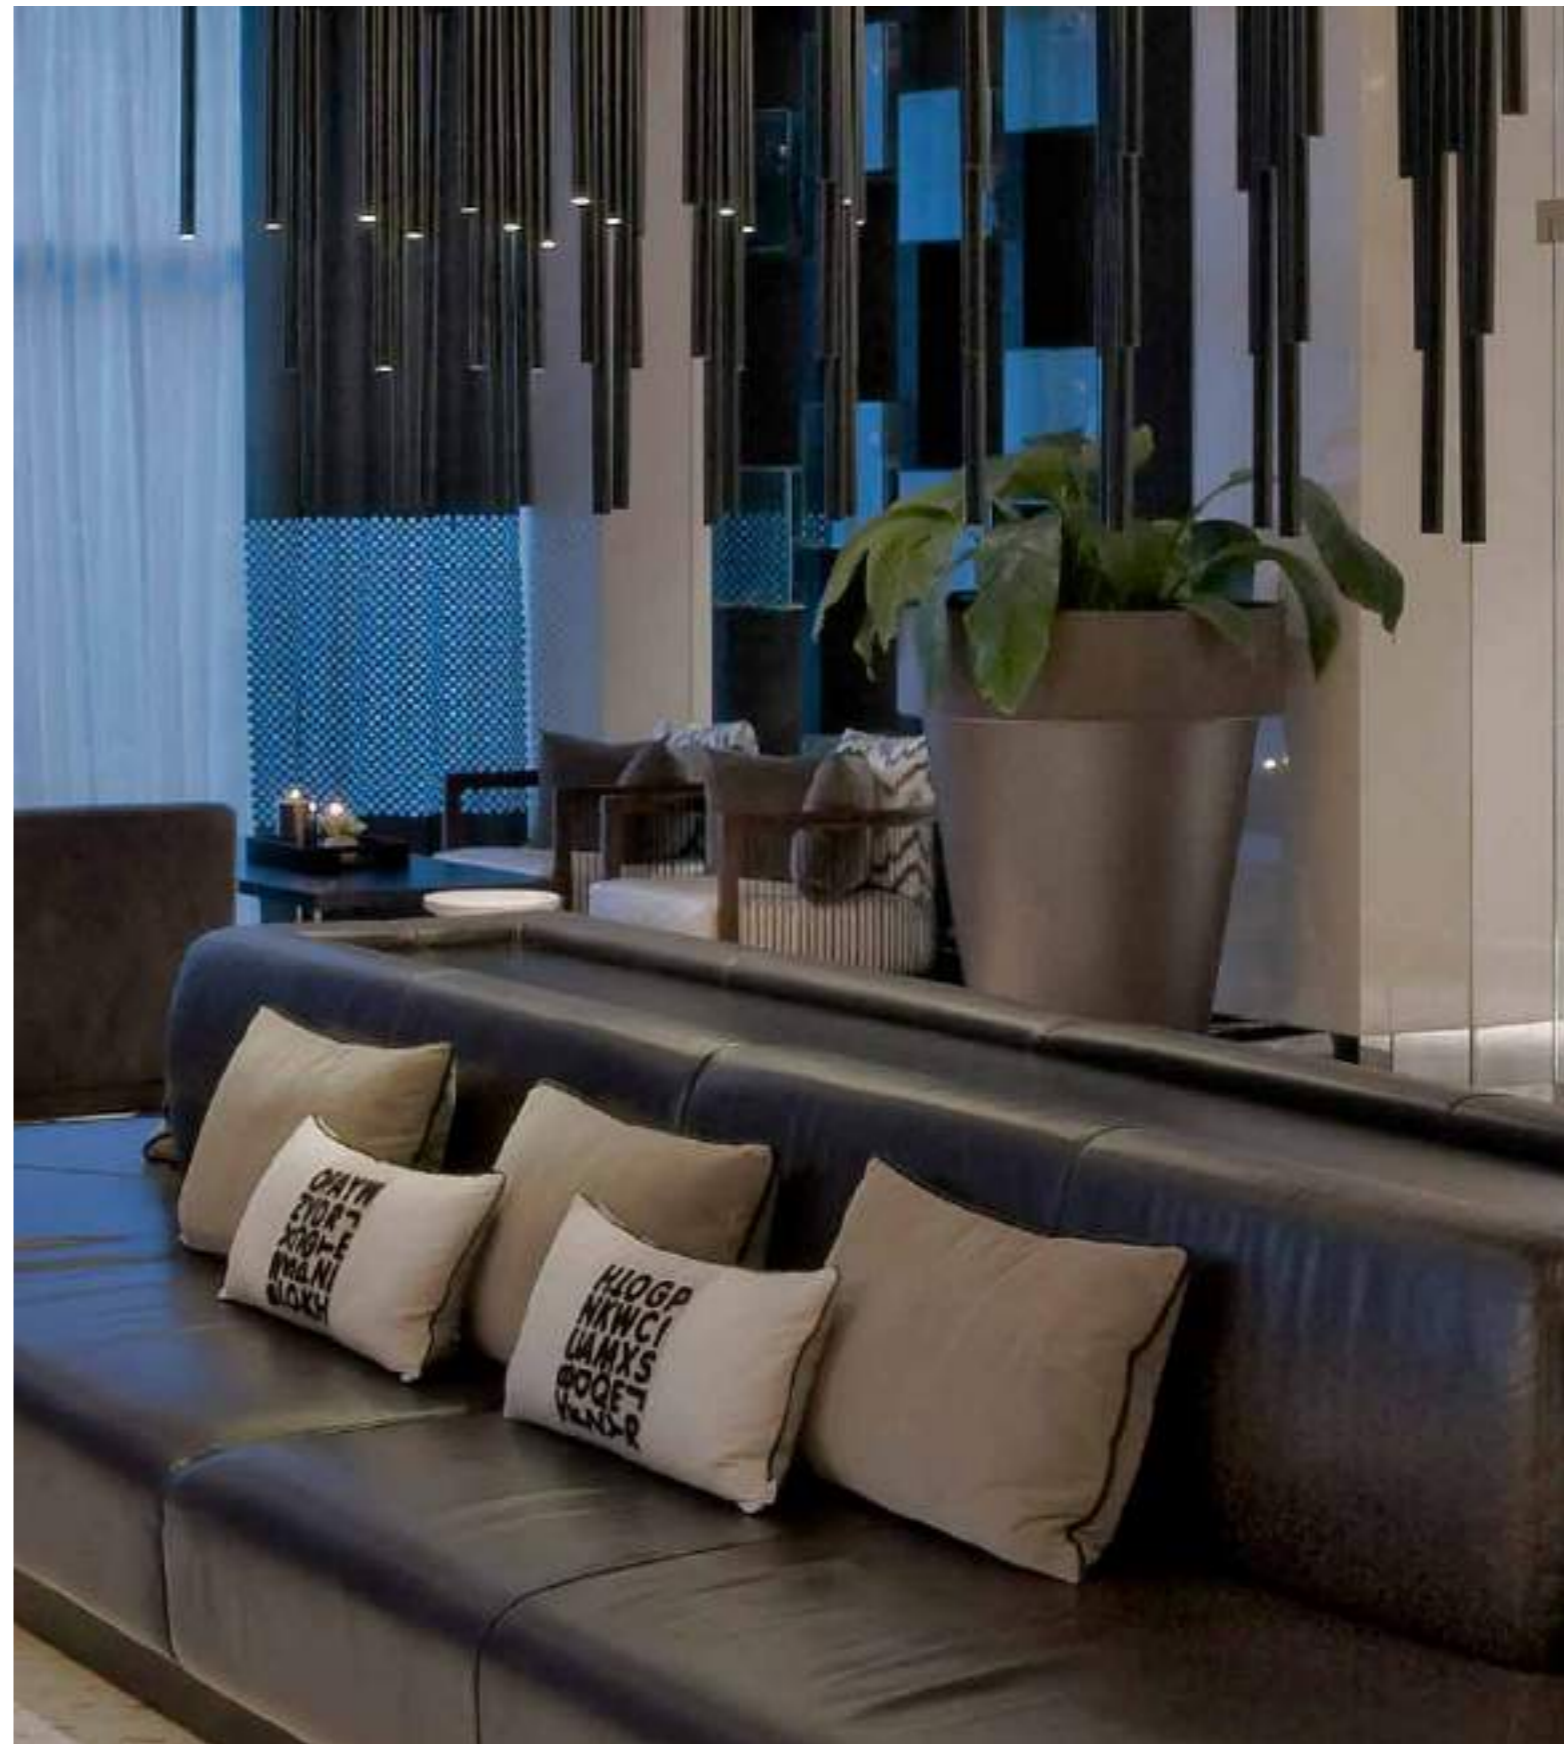

PROJECTS

The image features a blurred background of several people in a meeting or workshop setting, with one person pointing at a whiteboard. In the foreground, a CNC machine is shown in operation, with a drill bit positioned over a piece of wood. The word "PROJECTS" is overlaid in large, white, bold, sans-serif capital letters in the center of the image.

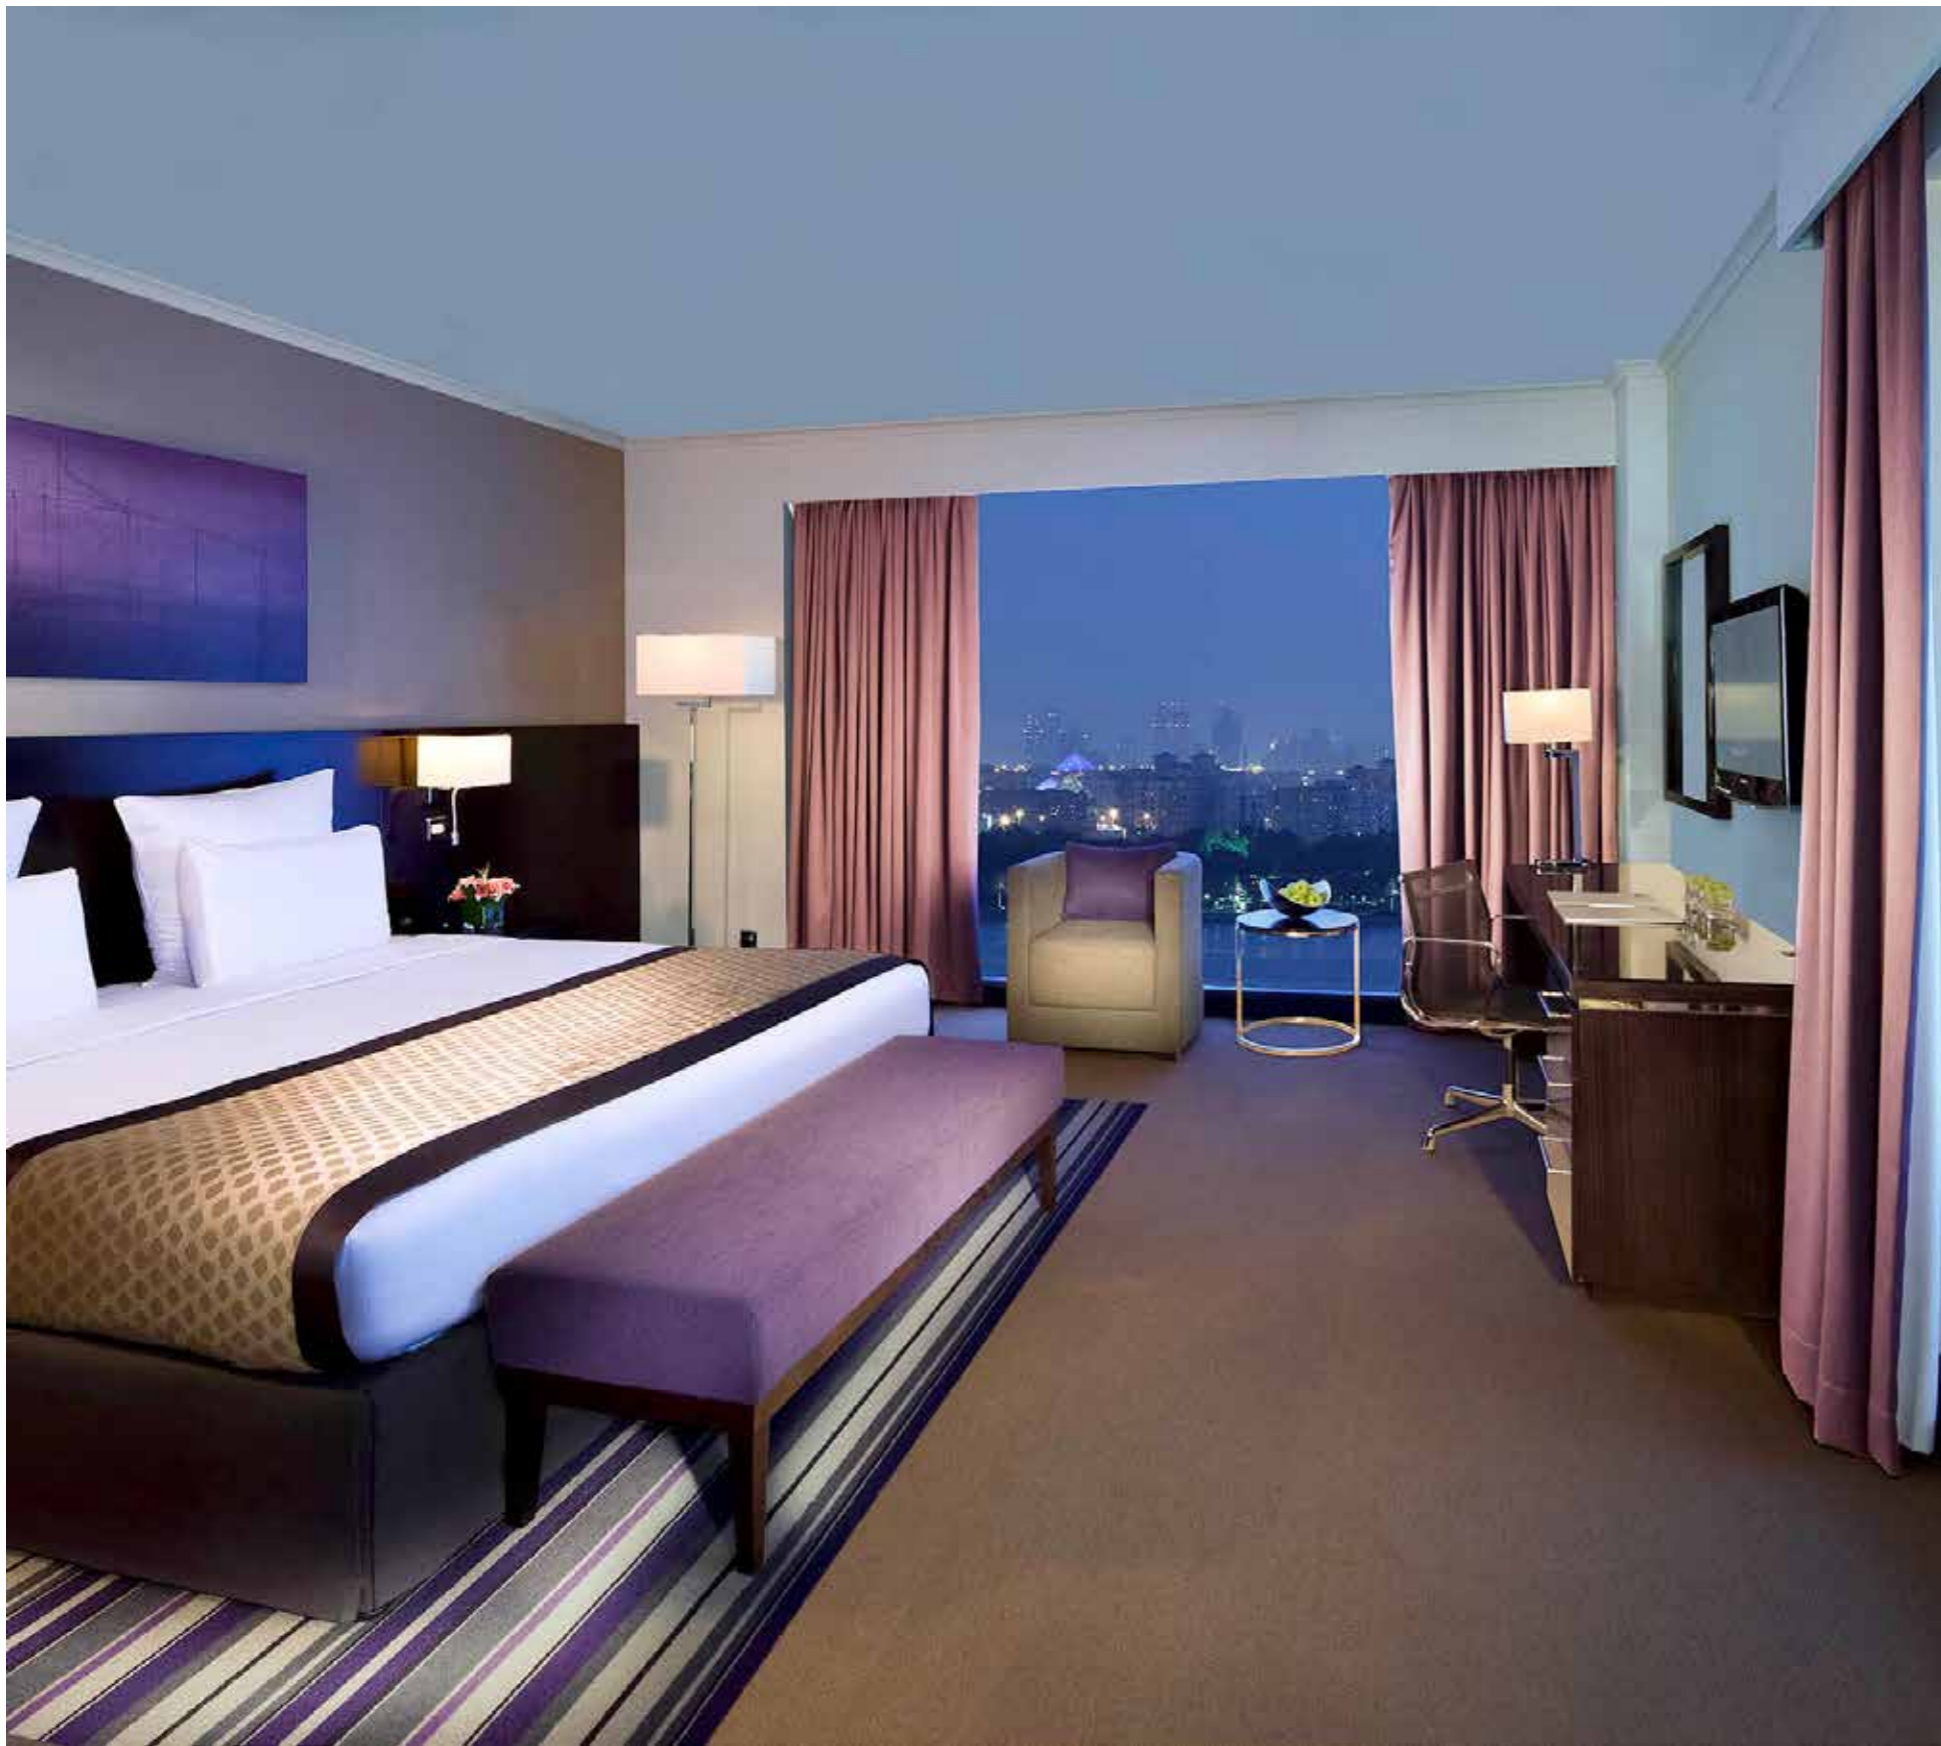

LUXURY INTERIORS

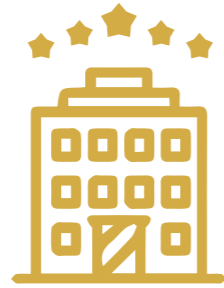

The art of luxury living is when you achieve the proper balance between your personal and professional lives, set your own rules, and indulge in a wide range of leisure activities.

HEALTH & SAFETY RULES

Brain Freeze Interiors recognizes the critical importance of ensuring the health and safety of all personnel involved in the group's operation, including its participants. Because of this, BF Interiors is committed to creating a workplace culture where the advantages of health and safety are promoted. We adhere to a thorough safety protocol in order to accomplish the same. The Occupational Health and Safety Act and other relevant legislation must be fully understood and carefully followed by all subcontractors, their employees, and our direct staff, as per our set policy in accordance with the safety act.

The Occupational Health and Safety Act establishes the obligations and liabilities of the employer, employee, and supervisor.

Some of the most important safety rules are listed here. Any additional safety guidelines will be communicated as necessary by our foreman or project manager.

PERSONAL HEALTH AND SAFETY RULES

Head Protection

CSA-approved "class B" hard hats must be worn at all times while on the project site.

Foot Protection

CSA-approved footwear ("Green Path") with toe and sole protection must be worn at all times while on the project site.

Skin Protection

Appropriate working clothing must be worn when handling and using tools and materials which may cause injuries.

Clothing

• For protection on the job, staff shouldn't wear the following:

- Loose clothing or cuffs*
- Greasy or oily clothing, gloves, and boots*
- Torn and ragged clothing*
- Fingers rings, bracelets, or neck chains*
- Eye Protection*
- Face shields, goggles, or glasses must be worn by workers and must be of a design to afford suitable eye and face protection when:*

1. Welding, burning, or cutting with torches
2. Using abrasive wheels, portable grinders, or files.
3. Chipping concrete, stone, or metal
4. Working with materials
5. Drilling or working under dusty conditions
6. Sand or water blasting
7. Waterproofing
8. Working on energized switchboards
9. Using explosive actuated fastening or nailing tools
10. Working with compressed air or other gases
11. When working near any of the operations listed above

OUR PROCESS

Transparency in the approach to work has been the key factor to our efficiency. This has been achieved by maintaining the chain of communication to a minimum.

QUALITY POLICY

Brain Freeze Interior Decoration LLC is following ISO 9001: 2008 accredited standards and thus strives to maintain global standards in the quality of our work, products that we represent and ensure the highest level of efficiency and customer satisfaction. The intention is to look for continual improvement within the organization, but also with the vendors and other service providers that are associated with Brain Freeze Interiors. Our vendors undergo a prequalification process to ensure that they meet BF Interiors standards both in terms of quality as well as the health and safety standards.

STATEMENT OF INTENT

Brain Freeze Interior Decoration LLC has an ongoing commitment and vision to be World class leaders in catering to different segments of market.

This vision is underpinned by the relentless pursuit of innovation, benchmarked against the best in the region and by maintaining a clear company-wide focus on excellence.

POLICY OBJECTIVES

Brain Freeze Interior Decoration LLC is committed to:

1. Providing customers with high-quality installations and services which meet requirements and are fit for their purpose.
2. Enhancing the skills of management and staff through review and actively pursuing an ongoing training policy, the objective of which is to prepare staff to perform their work more effectively.
3. Promoting the culture of continual quality improvements and the philosophy of getting things "Right the first time."
4. Rigorously controlling the supply, installation, and complete program of all projects.
5. Promoting the Quality Management Systems and ensuring implementation is achieved by internal auditing, Management review, and corrective and preventive action.

6. Everyone is responsible for the quality within the company and for maintaining high standards.
7. Ensure all employees are trained in the Management System and have the knowledge and experience to carry out their duties in a competent manner.
8. Maintain a fair and creative work environment that respects and rewards new ideas, innovation, and hard work.
9. Respond to any customer quality concerns in a manner that shows management commitment.

STRATEGIES

BF Interiors will achieve these objectives through the development and continuous improvement of its Quality management systems, benchmarking performance, attendance to tasks, open communication with its customers, and a commitment to employee recognition.

BF Interiors develops and maintains training programs to enhance the skills of all personnel. At BF Interiors we are committed to learning and knowledge sharing to further develop both technical and professional skills.

Each department at BF Interiors has an important role to play in maintaining and continually improving systems and documentation.

Management is responsible for ensuring adherence to the quality Management system and for recording the impact of quality improvements.

POLICY REVIEW AND DISSEMINATION

During induction, each employee will be provided with a copy of the policy. Employees will have ready access to all quality policies and procedures.

This policy will be reviewed at least every two years to ensure its continued sustainability.

▄▄ We firmly believe that visions don't have boundaries. Based on strong foundations, an excellent track record and innovative solutions for the future, our vision is to provide the region and beyond with a unique, one-of-a-kind brand of service that sets new parameters of excellence for others to emulate. ▄▄
